1. Policy

This LC State policy reflects Idaho State Board of Education (SBOE) policy V.L.2 which directs that "Each institution must develop a campus security plan to maintain the physical security of persons and property on the campus and in full cooperation with state and local law enforcement agencies."

2. Purpose

This LC State policy reflects Idaho SBOE policy V.L.2 which stipulates that "An environment of safety and security is critical for institutions to cultivate a climate conducive to knowledge and learning." The state board policy further directs that "Each institution must develop a campus security plan to maintain the physical security of persons and property on the campus and in full cooperation with state and local law enforcement agencies." The objective of this LC State policy is to protect and maintain life and property within the confines of the campus, to enforce the rules and regulations of the SBOE and LC State, and to comply with the disclosure requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, Federal Code 20 U.S.C. § 1092(f) et seq.

3. Organization

State Board of Education policy (V.L.3) stipulates that "Overall responsibility for campus security rests with the chief executive officer of the institutions. Each chief executive officer must designate a senior administrative officer and an alternate to serve as liaison between the institution and state and local law enforcement agencies." The President of LC State designates the Vice President for Finance and Administration as the primary liaison between the college and law enforcement agencies, and the Director of Public Safety is designated as the alternate liaison officer. The Lewis-Clark State College Department of Public Safety operates under the direction of the Vice President for Finance and Administration (VPFA). The Director Public Safety is responsible for the operation of the Department of Public Safety.

4. Reporting of Criminal Actions or Emergencies

A. The Department of Public Safety is responsible for enforcement of policies, rules, and regulations set forth by the State of Idaho, Idaho SBOE, and LC State. The Department of Public Safety office is located in Meriwether Lewis Hall room 110. The department is staffed by trained officers with experience in security and law enforcement.

The confidential report line is administered by Lighthouse Services, a third-party hotline service and is available 24 hours a day, 7 days a week. - C. Campus buildings and facilities are accessible to members of the campus community, guests and visitors during normal hours of business, and for limited designated hours on weekends. Meetings are held on a formal and informal basis. Crime related reports and statistics are routinely exchanged.
- C. A close relationship is maintained with the Human Resource Services, Student Affairs, and Residence Life. Security reports concerning LC State employees or students are coordinated with other affected LC State units as needed.

7. Security Awareness and Crime Prevention Programs

It is the philosophy of LC State to attempt to prevent crimes rather than react to them after the fact. A primary tool to accomplish this is the Crime Awareness Program. The program is based upon the concepts of eliminating or minimizing criminal opportunities, whenever possible, and encouraging students and employees to be responsible for their own safety and the security of others. The following is a listing of the programs and projects used to accomplish this.

- A. Escort/Shuttle Program: An escort service is provided, particularly during the hours of darkness, for persons walking from buildings to their vehicles, or to persons needing transportation to Clearwater Hall on a case-by-case basis.
- B. Resident Hall Security: Crime prevention brochures and other printed materials are made available to the students.
- C. Telephones: Security may be reached by campus extension or off-campus numbers.
- D. New Employee Orientation: Safety/security subjects are discussed by our safety officer for new employees.
- E. LC State Alcohol/Drug Policy: See Policy #3.113 and Policy #3.114
- F. Firearms and Dangerous Weapons: Concealed carry of firearms is permitted only within the parameters established in Idaho Statute (section 18-3309), State Board of Education policy (section V.L.1), and LC State's Firearms Policy (policy 4.123). Additional guidance to students on possession or use of dangerous weapons and incendiary or explosive substances is contained in the Student Code of Conduct at <https://www.lcsc.edu/student-affairs/student-code-of-conduct>.
- G. Safety and Emergency Information: Additional guidance on information related to campus safety is contained in LC State policy 3.135 ("Safety and Accidents") and in the LC State Emergency Management Plan (EMP).

8. Disclosure requirements

Statistics are compiled and posted on the Public Safety website concerning the occurrence of crime on campus during the most recent school year, and during the preceding school years for which data are available.

9. Timely Warnings

- A. The LC State president or his/her designee is responsible for issuing timely warnings. Anyone with information warranting a timely warning should report the circumstances to LC State Department of Public Safety or the president's office as soon as safely possible. In the event that a situation arises that requires issuance of a warning, these warnings are provided in order to keep the campus community informed about safety and security matters on an ongoing basis and in an effort to prevent similar crimes from occurring. The decision to issue a timely warning shall be decided on a case-by-case basis in compliance with the Clery Act, taking into consideration all available facts surrounding the campus community, whether the crime is considered a serious or continuing threat to students or employees and the possible risk of compromising law enforcement efforts.
- B. Procedure: Upon receipt of all relevant information and a determination has been made that a timely warning should be issued. Campus administration will inform the campus community by immediately contacting the directors of Public Safety and College Communications or their designees to allow for appropriate media distribution of the warning. In addition, a major catastrophe or disaster at LC State, the college may provide timely information regarding the incident(s) on the emergency website www.lcsc.edu/emergency, by posting flyers, student email, student radio station (KLCZ-88.9 FM) or other local media outlets. The warning may include, but is not limited to, the following information: type of crime, location of occurrence, and available suspect information.
