## Cross Country Team Wins Their Way to National Championships in Kentucky

The Women's Cross Country Team recently took 4<sup>th</sup> in the region which places them at 17<sup>th</sup> in the nation. Darrah Hocum has proven to be a vital asset to the team's success and is expected to do quite well at nationals. "She is well experienced and familiar with the course from previous years; so hopefully she will do well!" expresses Coach Mike Collins. He also mentioned that the Women's Team has the potential for earning 8<sup>th</sup> or 9<sup>th</sup> place depending on whether or not they do well.

The Men's Cross Country Team also did exceptionally well at regional competition by claiming 2<sup>nd</sup> place; which unfortunately and unexpectedly, dropped them nationally from 18<sup>th</sup> down to 20<sup>th</sup> place. "This is the first time since 2003 that the entire team has made it to Nationals," expressed Coach Collins. The men are lead by three exceptional runners, Anton Sousa, Chip Nitoi and Calin Hantau. All three have participated in previous competitions and will no doubt, do well. Coach Collins stated that Anton, Chip, and Calin have the potential for being nominated as All American's in the Men's Cross Country division. The All American award is given in honor of those athletes who perform the best within their particular sport.

LCSC is proud of our Cross Country team and their recent success! It is a high achievement to place within the top twenty nationally when competing against nearly 500 Colleges and Universities nation wide. Way to go Cross Country and best of luck at nationals!
