**BASEBALL CAMP**

Warrior baseball has averaged 50 wins per season for over 3 decades. Coach Cheff has lead LCSC baseball to 16 nation NAIA titles in the last 25 years, a feat that trumps all collegiate sports championships at any level.

Our camps and clinics will continue to teach and stress the same fundamentals that have allowed our players to become successful at the collegiate level. Our hitting camp is designed to build skills with hands-on drill work and instruction.

Our goal is to spread excitement and knowledge throughout the baseball community in the northwest. We want to assist younger players in learning proper techniques and concepts that will raise the level of youth baseball in Idaho, Washington, and beyond.
