

Racers - Thanks again for coming out. We hope to have a chip timing system by this fall, but likely will only be a finish inclusive system. As time goes on we hope to be able to purchase additional readers to get all of the splits. All splits you see below were recorded by hand, so there were multiple opportunities for error, but we hope for those of you that like this info we were able to get it for you. We hope to see you again in the future and thank you for supporting the xc and track teams through your participation. -Mike (race director and team coach)
