Please mail completed membership applications with payment to:

Life Flight Network

2779 South Liberty St.

Boise, ID 83709

Phone: (800)574-9464 • Fax: (208) 362-4796

By becoming a Life Flight Network member, you agree to the terms stated at our website, www.lifeflight.org. New member benefits take effect after receipt of completed application and payment plus a period of 30 days for interhospital transfers. Life Flight Network flies patients based on medical need, not membership status. Medicaid beneficiaries should not apply for membership. Air Methods Corporation, Aero Air LLC, and Conyan Aviation are the certificated FAA Part 135 air carriers.

Membership Program Overview

Who is Life Flight Network?

Life Flight Network is a not-for profit medical transport service provided by a consortium of Legacy Health, Oregon Health & Science University, Providence Health & Services - Oregon, and Saint Alphonsus Regional Medical Center. All are dedicated to improving patient outcomes by providing helicopter, fixed-wing, and ground ambulance support to seriously ill or injured patients in a safe and timely manner. Life Flight Network was named *Program of the Year* by the Association of Air Medical Services (AAMS) in 2009.

What services does Life Flight Network provide?

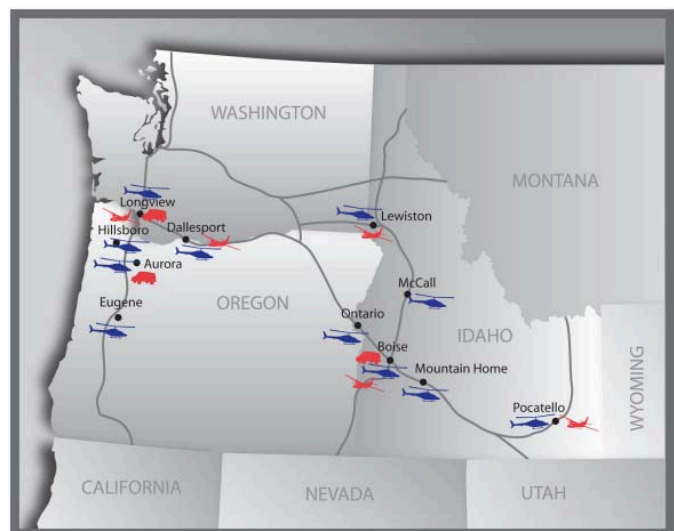

Life Flight Network exists to fulfill a vital role – saving lives. With its unique combination of air and ground ambulances and highly skilled personnel, Life Flight Network represents an integral part of local emergency medical systems. Life Flight Network provides critical care transport to seriously ill or injured patients from the scene of an emergency or from one hospital to another. These are the patients who need the highest level of care and the fastest transport possible.

What is the Life Flight Network service area?

Life Flight Network bases are strategically placed throughout the Northwest, including Oregon, Washington and Idaho to provide maximum coverage of the communities. Bases are staffed and available for immediate response seven days per week. Helicopters are generally airborne within minutes of a request. Airplanes can generally be airborne within 30 minutes.

Why should I become a Member?

Northwest families live, work and play in our vast coastal areas, open spaces, scenic mountain passes, and rivers, and enjoy all the recreational wonders the Northwest has to offer. This often remote environment can place residents and visitors at risk when they need immediate and specific medical attention, whether it is a pediatric medical emergency, heart attack, stroke or accident. Life Flight Network can quickly dispatch a specialized emergency health care team to an accident or medical emergency to provide critical care life support and accompany the patient on a swift flight to a medically appropriate facility.

What are the benefits of Membership?

Depending upon the distance, air medical transport and patient care charges can quickly exceed \$10,000. If you or a covered family member are flown by Life Flight Network or one of its reciprocal partners under a medically necessary emergency air transport, Life Flight Network will accept an insurance settlement (if any) as payment in full, and you will have no out-of-pocket expenses. We bill your insurance company directly for the medical transport, so you will not pay any deductibles or out-of-pocket expenses beyond your membership fee.

Reciprocal Partners

Whether in Oregon, Washington, Idaho, Wyoming, Northern Nevada, or Northern California, you may be covered if transported by a reciprocal provider, subject to the reciprocating program's membership rules. Life Flight Network reciprocal partners include:

- Airlift Northwest - Seattle, WA
- Air Link - Bend, OR
- Air St. Luke's - Boise, ID
- CalStar - Chico, CA
- Care Flight Reno - Reno, NV
- Enloe Flight Care - Enloe, CA
- Northwest MedStar - Spokane, WA
- Wyoming Life Flight – Casper, WY
