

Campus Resources

Engr 120

*First **four** returns with correct answers are eligible for fantastic prizes.*

*First return with correct **bonus question** answered is eligible for a prize.*

1. What are the hours of the math tutorial center? When are tutors for your math class available?
2. Register your Warrior Card with the library (if you haven't done this already). While you are there, find a movie you've wanted to see and check it out. How long can you have the movie before you have to bring it back?
3. Name the LCSC baseball coach, tennis coach, and football coach. What is the LCSC mascot?
4. Who is Brandon Lytle? What does he do? Pick up some interesting brochures from him and list some things you think you'll try.
5. When are mid-term grades posted on WarriorWeb? What do mid-term grades mean anyway?
6. What are the two big rivers that meet in Lewiston?
7. How many free counseling sessions are available to LCSC students per year? How did you find this information?
8. Is the school named after someone? If so, who?
9. When is the first day you will be eligible to register for spring semester classes? Where did you find this information?
10. Identify where in Lewiston this picture was taken. Yes, it's a sculpture.

11. Sign the guestbook at the Center for Arts and History (yes, you can walk there). What exhibit was there when you visited?
12. Visit the writing center. Bring an assignment (preferably a writing assignment or one that is written) to the writing center and get the signature of whoever helps you review your assignment. If you don't have an assignment that they can review, have them sign your campus resources report. What are the hours of the center?

Bonus question: What do Walt Disney, Mickey Mouse, and Lewiston have in common? (*Hint*: you can find the answer at the Nez Perce County Historical Museum)
