Library Workshop 1: Welcome to the Library

This workshop will introduce students to the Library building (through a tour) and to the Library's website. We will also discuss how college expectations on appropriate resources differ from many high schools'. We will cover the range of resources and services available to them at the Library and emphasize where to go to get help.

Library Workshop 2: Learn to use Library Databases

This workshop will focus on how to find resources for class assignments in our journal databases and from our Films on Demand product. It will be a hands-on workshop using computers in the Library's classroom (LIB 104). The student will learn how to translate a search question into keywords, construct a search statement, and print articles or email articles and films.
