Policy: Lewis-Clark State College recognizes the importance of conducting meetings and training sessions for employees and understands that, due to scheduling constraints, it is not always possible to schedule these events outside of normal mealtimes. However, in all cases, there must be a clear, documented business purpose for the event that indicates the benefit to the College. Employees must be vigilant when spending state funds on meals and refreshments to ensure that all purchases align with governing authority and support the prescribed objectives of the College. This policy is not intended to address every situation that may arise. Questions regarding specific situations should be directed to the Controller’s Office or approving authority. Divisions and departments may prescribe more restrictive policy, but those modifications cannot be less restrictive than the requirements of this policy. Meals and/or refreshments must be pre-approved at the Director level or above, via the Meal/Entertainment Request form. For guidance on other entertainment, public relations and related expenses, see Policy 4.117.

1. Refreshments (Refreshments for department sponsored trainings, retreats, or meetings include any non-alcoholic beverage and edible items commonly served between meals, but not intended to substitute for meals, such as coffee, tea, soft drinks, juice, doughnuts, cakes, cookies and pieces of fruit or cheese.)

Refreshments may be provided if all of the following criteria are met:
A. Attendance is mandatory.
B. There is a published agenda.
C. The meeting or training has an intended duration of three (3) or more hours.
D. There are five (5) or more attendees.
E. The total cost per attendee does not exceed the allowable breakfast per diem amount established as per the State Board of Examiners Policy and Procedures. (See Appendix A)
2. **Meals** may be provided if all the following criteria are met:
   A. Attendance is mandatory.
   B. There is a published agenda.
   C. The location of the meeting or a scheduling conflict does not lend itself to a meal recess.
   D. The meeting’s business is furthered by speeches, presentations or interpersonal exchange that would not normally occur on a daily basis.
   E. There are five (5) or more attendees.
   F. The meeting/training has an intended duration of six (6) or more hours.
   G. The total cost per attendee does not exceed the allowable partial day per diem reimbursement for the provided meal as per the State Board of Examiners Policy and Procedures. (See Appendix A).

3. **Limitations**
   A. Regularly scheduled staff meetings do not qualify for meal or refreshment provisions unless such meetings occur no more than quarterly and attendees are brought together from various locations throughout the state. Further, an attendee shall not be eligible for meal reimbursement as a provision of this policy if the attendee is already being reimbursed based upon travel policy. (See Travel Policy 4.101)
   B. Department sponsored social gatherings do not qualify for meal or refreshment provisions. (See Appendix B.)
   C. Payment or reimbursement for meals is limited to actual cost, not to exceed the maximum allowable partial day per diem, pursuant to Appendix A. Should the final expenditures exceed the maximum amount allowed on the Meal/Entertainment Request, partial reimbursement will be provided.
   D. Reimbursement for alcohol is subject to pre-approval, must be approved by the requestor’s next level of authority (Director level or above), and must be identified on the Meal/Entertainment Request. Disbursements for alcohol may not be reimbursed with appropriated or grant funds.

4. **Source of Funds**
   The source of funds for refreshments or meals provided for departmental training sessions or meetings may include appropriated, local, grant and contracts or club accounts, as outlined in Appendix B.

5. **Exceptions**
   Idaho State Board of Education, (SBOE) Governing Policies and Procedures §V.U., authorizes the President to use local funds for entertainment and related expenses for official functions. This policy requires proper documentation to support the business purpose of these expenditures and further provides that actual expenses shall be reported to the Board upon request. Upon approval by the President or designee, requirements detailed in the aforementioned sections (1) & (2) may be waived.

6. **Procedures**
   A. **Prior** to event or function

**Appendix B: Matrix of Expense Allowability**

**Note:** All requests for exception to the above restrictions must be specifically identified on the Meal/Entertainment Request and approved by the President.

*Unless specifically prohibited by donor or club objectives

**The grant or contract agreement may specifically address an expenditure type identified in this matrix. If so, the agreement takes precedence. Federal grants and contracts are subject to the requirements of OMB Circular No A-21 that generally links expenditure allowability to institutional policy.
