4. Regular Agenda
   a. President’s Report President Fernandez
      • President Fernandez reported that the permanent building does not have any money. The Cd’A building does not have a chance of being funded but there may be funding for the Fine Arts building remodel.
      • The line item requests for new faculty positions have not been sent forward.
      • The first year accreditation report was sent forward, this addresses our mission and themes.
      • College advancement has been in a silent phase; in the spring a new campaign will be launched with a revised goal of $8million. Some of this is for scholarship funds but there is also a goal to raise funds for Faculty Advancement, Tony & Diane Fernandez will match donations from the campus community up to $15,000.
      • This Spring, starting around February, Strategic Plans will be enacted; these will look at our Academic and Technical plans bearing in mind that most of our students do not finish their programs in four years. Faculty and Staff need to take a good look at these and have plans in place that allow students to finish in four years (external situations not withstanding).
      • President Fernandez commented on the recent sad events on campus: losing our much loved colleague Jim Tarter and student Josh Merriken.
   b. Provost’s Report Provost Carmen Simone
      • Provost Simone reported that she has enjoyed her first eleven weeks on this campus. She thanked the Faculty Development committee for their hard work evaluating the sabbatical requests at short notice.
• The Provost is excited about the strategic plan (see the President’s comments above) and encourages faculty to take a good hard look at where we are as an institution and where we want to be.

• The year one accreditation report is on the intranet. All Faculty are encouraged to look at this and send any comments to the Provost.

7. Other Business

   - Diana Ames on Financial Support for the Faculty Association/Faculty Senate
      - The Faculty Association and Faculty Senate operate on monies donated from faculty through payroll deductions. This money funds Faculty Senate workshops, faculty trips to Boise during Higher Ed week when faculty meet with legislators, gifts to Faculty Senate officers in the spring, and other miscellaneous expenses. Contributions from Faculty Association members typically range from $1 to $5 per pay period. Diana will have payroll deduction cards available at the meeting; please take 2 minutes to fill one out and return it to her at the meeting or drop it off at Human Resources.

   • Diana Ames reminded the Faculty that the Faculty Association funds are running low. These are separate funds from the Faculty Benevolence fund. Currently there is $65 per pay period coming
into the fund. The funds are used for travel to Boise for lobbying purposes, room rental for retreats etc, honoraria for the Webmaster and Secretary. President Fernandez informed the Faculty that State funds cannot be used for lobbying purposes; if faculty wish to retain the ability to do this then the funding has to come from private donations.
