Greetings!

I hope this issue of “The ExpEDition” finds you well and that your spring semester is off to a great start. As you prepare for success this semester, I encourage you to check in with your professors and advisor often.

If you’ve been thinking about joining a student club, now’s the time! Check out information on page 2 about the Kinesiology and CEC Club. Participation in a student club is a great way to meet new people and become engaged professionally.

Good luck this semester ~ Heather Van Mullem, Division Chair

Faculty Spotlight ~ Carol Nelson, Professor

Dr. Carol Nelson is a Professor in the Teacher Education Preparation program. A Literacy specialist, Dr. Nelson teaches classes in the Literacy minor including Psycholinguistics and Reading, Children’s Literature and Storytelling, and Emergent Literacy. Dr. Nelson has presented extensively on best practices in teaching literacy. In addition, she is one of the primary authors of the Idaho Comprehensive Literacy Assessment, a series of tests required of all pre-service elementary candidates to pass prior to receiving their teaching credentials.
