Uniform Articulation of College Credit

1. Awarding Tech Prep credit is a function of the postsecondary institution(s). Articulated Tech Prep courses must
meet college course standards. Students may be required to complete a competency assessment.
2. Secondary Tech Prep students who desire to articulate credits to the postsecondary program must:
   a. complete an approved course and demonstrate at least 80% of competencies in each articulated course;
   b. be a junior or senior, or follow institutional policy for eligibility exceptions;
   c. earn a minimum grade of B- in each articulated course; and,
   d. be registered as a Tech Prep student as outlined by the institution.
3. Articulation agreements will be reviewed annually. Changes in the agreement may only be made with the
   consent of both the secondary and postsecondary institution. If agreement to amend an articulation cannot be
   reached, the agreement will terminate on a mutually established date. If one party chooses to cancel the
   agreement, a notice of intent to discontinue the agreement must be presented to the other party and to the
   regional Tech Prep Coordinator.
4. By signing this agreement, secondary instructors agree to maintain a record of articulated courses, provide end-
of-course grades and competency attainment as outlined by the institution.
5. Credits earned in this program may transfer to other Idaho institutions. There may be a transcription fee for
   articulated credit.
6. Tech Prep courses will meet Perkins IV requirements, such as career counseling; equal access; in-service training;
   business and industry involvement; academic integration; alignment of course competencies; and, assessment
   of work-based learning.
