**Director’s Welcome**

Hello! I am the director of the TRIO programs at Lewis-Clark State College. I have been with LCSC since November 1999. Before coming to TRIO, I worked as an instructor at the Adult Learning Center and a student services coordinator in eLearning Services. I earned my Bachelors of Science degree in Secondary Education and Masters of Education in Adult Education, both from the University of Idaho. I am currently pursuing my doctoral degree and hope to finish May 2015. When I am not working and studying, I enjoy spending time with my husband, Brian, and my two children, Madison and Benjamin. It is my pleasure to join this program and I look forward to meeting all the students!

**Upcoming Workshops**

**Financial Literacy—Fulfilling Student Health Insurance Requirements in the State of Idaho**

You are required by Idaho legislation to have health insurance while you are enrolled as a full-time student attending a 4-year institution in Idaho. Student Support Services (TRIO) is offering two workshops to help you understand the ways you may be able to meet the student health insurance requirement and what health services are covered by your insurance. The workshop materials will cover health insurance enrollment, health insurance terminology, and health insurance claims and benefits. If you want to know more about your student health insurance requirement, plan to attend one of the following workshops:
