Student Name: ______________________________________

Term: 20___  Spring  Summer  Fall  1  2

My Goals:

Goal 1: _______________________________________________________________________

What I will do to achieve this goal:
______________________________________________________________________________
______________________________________________________________________________
______________________________________________________________________________

Goal 2: _______________________________________________________________________

What I will do to achieve this goal:
______________________________________________________________________________
______________________________________________________________________________
______________________________________________________________________________

Goal 3: _______________________________________________________________________

What I will do to achieve this goal:
______________________________________________________________________________
______________________________________________________________________________
______________________________________________________________________________

Student Signature: ____________________________________________
Example Goals

Here is an example of a goal and how to complete it:

Goal: I want to get a 3.0 GPA

What to do to finish this goal:

- I should study at least 2 hours every day.
- I should get extra help when I need it.
- I should make sure I understand and complete assignments.
- I should attend class on time every day.

Here are some other example goals:

I want to get at least a 75 on all my tests.

I want to turn in all my assignments on time.

I want to spend 16 hours studying each week.

I want to make my grade for each class better by one letter grade (go from a C in a class to a B).

I want to finish all my papers at least one day before they are due.

I want to make less than 5 grammar mistakes in each paragraph of each paper.

You can also think of your own goals and how to complete them!
