In the table, the courses required for the Business Administration degree with a Management Accounting Emphasis are detailed. The courses are organized into categories such as General Education Core, Major Courses, and Electives. Each course is accompanied by its credit hours and a brief description of its purpose or requirements. The table also highlights the need for certain courses and specifies the required grading standards. The summary at the end emphasizes the importance of achieving at least a "C" in all major courses and maintaining a minimum 2.50 grade point average in all business courses combined. The document also mentions the accreditation of the program by the International Assembly of Collegiate Business Education (IACBE).
