Welcome to the LC Family

It is my pleasure to welcome you and the student you care most about to the LCSC family. This newsletter includes information we think will help you know what’s happening at the college and how you can help your student – whether a son, daughter, grandchild, parent or spouse – find success at LCSC.

You will receive a copy of this newsletter every month. Each issue will highlight a campus service or program, profile a member of our faculty and staff, and include key dates and deadlines that guide our students’ progress in their academic pursuits. We hope you find this to be a useful resource as you encourage your student along the path to graduation.

Let us know

We are interested in hearing from you about a topic or question you would like to know more about to be address in a future newsletter. You can email it to bhsahlberg@lcsc.edu

We’re here to help your student succeed

We realize college can be a big adjustment for your student, especially during the first semester. College level work is different from high school level work in many ways. That’s why it is important for students to stay on top of their classes and not fall behind. To help students succeed, LCSC offers free help in the following areas:

**STUDENT SUCCESS SEMINAR: ID 140**
The seminar introduces students to academic inquiry, critical thinking, information literacy, and builds connections to the college community. Focused on a common text and theme, students explore issues from a variety of perspectives while developing the skills that help them succeed in college.
