I. COURSE DESCRIPTION

This is the second course in a series designed
This course is designed to facilitate the completion of a senior research project, required of all
students who are in Field Practicum. In this course, students utilize the knowledge and skills
acquired in SW 386 to develop their research project. The course involves a review of research
methodologies and statistical procedures relevant to the student's investigation. The student is
required to complete the project literature review and, if applicable, any IRB applications during
this course. The study itself is to be completed in SW 499B, Research Seminar. Pre-requisite:
SW 386. Co-requisite: SW 497A.
II. INTRODUCTION AND OVERVIEW

Social work generalist practice entails the steps of engaging and assessing the client system, planning an intervention strategy, implementing the intervention with the client system, evaluating each step in the process, terminating with the client system appropriately, and following-up with the client and referral sources where needed.

This course focuses on the above evaluation step. Much of our understanding about individuals, groups, families, communities, and organizations is obtained through the testing of theories about these entities. As Social Work practitioners, we need the knowledge and skills to assess, identify, develop and test interventions to measure success with the client system and to improve services we offer to these clients. In addition, The Code of Ethics of the National Association of Social Workers requires us to add to the knowledge base of the profession wherever possible.

III. PURPOSE OF THE COURSE IN THE CURRICULUM

The expected student outcomes in the Research sequence consolidate learning from all other components of the curriculum. Skills learned in the first year knowledge building sequence are built on and enhanced. The Human Behavior and Social Environment sequence is built on and enhanced. The Human Behavior and Social Environment sequence is one of the major foundations for understanding the philosophies, processes, product and context of Group-centered social work research. The various theory and methods courses, field work, and the student’s specialized interests as pursued through selective focusing in various courses, aid them in the formulation of researchable questions. The Social Welfare Services and Policy sequence provides a foundation for understanding the environment for social research including constraints, incentives, and ethical issues, as well as being the source of policy and service delivery questions requiring empirical investigations. The sequence draws heavily upon the HBSE knowledge and the generalist practice perspective.

IV. EPAS Competencies and Practice Behaviors (Expected Learning Outcomes) Met in Course

The Council on Social Work Educations sets educational standards for all accredited social work programs. The 2008 Educational and Policy Accreditation Standard (EPAS) establishes 10 Core Competencies and 41 Practice Behaviors that social work students are expected to meet upon graduation from an accredited BSW Program. Professional Social Work Education is competency based education.
Education Policy 2.1 – Core Competencies

Competency-based education is an outcome performance approach to curriculum design. Competencies are measurable practice behaviors that are comprised of knowledge, values, and skills. The goal of the outcome approach is to demonstrate the integration and application of the competencies in practice with individuals, families, groups, organizations and communities.

As a result of the focus on competency based education, the faculty has identified within the LCSC curriculum where the Core Competencies and Practice Behaviors are addressed and measured. Below are four of the ten Core Competencies and five Practice Behaviors that are addressed in this course. Please note that the Practice Behaviors are linked to the Course Objectives and Assignments.

V. **TEXTS AND REQUIRED READING**

REQUIRED:

VI. TEACHING METHODS/CLASS CLIMATE

The primary teaching approach in this class will be collaborative learning. Materials in the course will be presented through discussion, lectures, group work, and media presentations. Students will be responsible for all materials presented in class and all outside assignments. Assigned readings and topics for the day are outlined in the Schedule and students are expected to come to class prepared to discuss the assignments. An absence is not an excuse for not coming to class prepared to be actively involved.

Students in a professional program should conduct themselves as professionals in relation to the class session and assignments. It is not acceptable to be late for classes except in unusual circumstances. Frequent lateness or other unprofessional class conduct is likely to result in a lowered grade. Students are also evaluated on their personal and professional behavior or conduct in class as described in the BSW Handbook. Please refer to the Handbook for further clarification. The Handbook is available at www.lcsc.edu/socialwork/

Shared Client and Agency Information: In the classroom, students and professors will occasionally discuss clients and agencies. In these discussions, it is expected that information about clients and agencies should be disguised or eliminated if clients could be identified and that this information is to be held in confidence within the bounds of the Code of Ethics. You must disguise the identity of clients in written assignments including changing the name of the client.

Re-write Policy:
At this time I do not accept revised papers.

Late Papers:
Late papers will receive a reduced grade of 10% per week. Requests for extensions should be submitted in writing via e-mail. Submitting a request for an extension does not guarantee an extension. I will review each request on a case by case basis. Requests for extensions should only be made in extenuating circumstances.

Cell Phone Policy:
The use of Cell Phones will not be tolerated during classroom hours. Students who choose to utilize their phones for Facebook, texting, or any other activity will be asked to leave the
classroom. I do understand there may be circumstances for family or work which may at times require you to keep your cell phone on or to be available. If this is the case, please let me know before class begins.

**Professional Writing Standards**

All printed work submitted to this professor should be prepared at a college standard of professional editing in accordance with the *Publication Manual of the American Psychological Association* (6th Ed.). Therefore, allow sufficient preparation time for proofreading and correction of typos, misspellings, and grammatical errors.

The reason for this expectation is that professionals are often judged based upon the quality of their written work. Carelessness in spelling and editing suggests that there will also be mistakes in the substance of the work. Therefore, written work, which has misspellings and other editing problems, will be graded down on this basis alone. All work must be completed in 12 point font, preferably Times New Romans style or a similarly readable style.

**Note:** The efforts you make will help you with your courses at LCSC as well as throughout your professional career because you will continue to be judged by other professionals on the basis of your written work.

**Academic Honesty and Plagiarism**

Part of the mission of Lewis-Clark State is to educate students to be ethical. Students share with the faculty the responsibility for academic honesty and integrity. The College expects its students to do their own academic work. In addition, it expects active participation and equitable contributions of students involved in group assignments. Violation of the Academic Integrity Statement, in whole or part, could result in an “F” grade for the course. The following acts of academic dishonesty are not acceptable:

- **Cheating:** using or attempting to use unauthorized materials, information, or study aids in any academic exercise (e.g., an exam).
- **Fabrication:** unauthorized falsification or invention of any information or citation in an academic exercise (e.g., a paper reference).
- **Plagiarism:** representing the words or ideas of another as one’s own in any academic exercise (e.g., failing to cite references appropriately or taking verbatim from another source).
- **Facilitating academic dishonesty:** helping or attempting to help another to commit academic dishonesty (e.g., allowing another to copy from your test or use your work).

**Regardless of race, color, age, sex, religion, national origin, disability, veteran status, or sexual orientation, you will be treated and respected as a human being.**

[http://www.lcsc.edu/diversity/](http://www.lcsc.edu/diversity/)

**Social and Economic Justice:** The faculty members of the Social Work Program believe that we all share a responsibility for championing social and economic justice for all members of
society. Guided by the Code of Ethics, social workers should strive to:

- Eliminate personal and institutional discrimination,
- Ensure access to needed resources and opportunities for all persons,
- Expand options and opportunities for everyone, but especially for persons who are disadvantaged or disenfranchised,
- Respect cultural diversity in society,
- Advocate changes that improve social conditions and promote social justice,
- Encourage participation in the democratic process, and
- Encourage people to develop their own voice.

LEWIS-CLARK STATE COLLEGE Syllabus Addendum

Consumer Information
In 2008, the federal government required all post-secondary institutions offering federal financial aid programs to provide key data to both prospective and current students. To comply with this requirement, Lewis-Clark State College has developed a consumer information page, which may be accessed at http://www.lcsc.edu/consumer-information/

Disability Accommodations
Students requiring special accommodations or course adaptations due to a disability and/or a health-related issue should consult their course instructors and the LCSC Student Counseling Center immediately (RCH 111, 792-2211).
Official documentation may be required in order to provide an accommodation and/or adaptation.

**Student Rights and Responsibilities**
Students have the responsibility for knowing their program requirements, course requirements, and other information associated with their enrollment at LCSC. Students should review the LCSC General Catalog (http://webdev.lcsc.edu/catalog) and the LCSC Student Handbook (http://www.lcsc.edu/media/2157659/Student-Handbook.pdf) for more information.

**Accidents/Student Insurance**
Students participating in LCSC classes normally must look to their personal health insurance policy (Student Health Insurance Plan or comparable private coverage) should an accident occur. In the event of an accident, please seek medical help, if necessary, and report the incident to LCSC Security (792-2226). Fieldtrips or other special student activities may also require students to submit a signed participation waiver (forms can be obtained from the supporting Division Office).

**Enrollment Verification/Attendance**
Students who are not actively pursuing their classes may have to repay part or all of their financial aid awards depending upon the circumstances.

**Academic Dishonesty**
Academic dishonesty, which includes cheating and plagiarism, is not tolerated at LCSC. Individual faculty members may impose their own policies and sanctions regarding academic dishonesty after offering the student an opportunity to explain his or her actions. Sanctions imposed by the faculty member are limited to grades on the assignment(s) in question and/or on the course grade. On matters of academic dishonesty, faculty members do not have the authority to dismiss a student from class indefinitely nor to disenroll a student from a program without corroboration from a Division Chair (or program ethics committee where applicable), the appropriate instructional dean, and the Vice President for Student Affairs. Students who are accused of being academically dishonest may be referred to the VP for Student Affairs for official disciplinary action.

**Illegal File Sharing**
Students using LCSC’s computers and/or computer network must comply with the college’s appropriate use policies and are prohibited from illegally downloading or sharing data files of any kind. Specific information about the college’s technology policies and its protocols for combating illegal file sharing may be found on the VP for Student Affairs’ web page (http://www.lcsc.edu/student-affairs/student-code-of-conduct/).

**Diversity Vision Statement**

**Disclosures**
During this course, if you elect to discuss information with me which you consider to be sensitive or personal in nature and not to be shared with others, please state this clearly. Your confidentiality in these circumstances will be respected unless upholding that confidentiality could reasonably put you, other students, other members of the campus community, or me in danger. In those cases or when I am bound by law to report what you have told me, such as incidents involving sexual assault or other violent acts, I will submit a report to appropriate campus authorities.

**Student Feedback**
Students shall be provided the opportunity to formally evaluate each course in which they are enrolled. Notification of student feedback opportunity and timelines will be made through the official LCSC student email (currently LCMail) or online course learning management (currently Blackboard Learn) systems.
