

RETURN OF TITLE IV FUNDS

As a student, you earn your aid as the semester progresses. IF you withdraw, drop or don't earn any credits (receive all F grades) you don't earn all your aid and some of the financial aid will likely need to be repaid immediately. Below are some examples to help you determine the impact of receiving federal aid and not completing the term. IF you cannot complete the semester, please contact Student Accounts and the Financial Aid Office to help you with the financial aspects of your education.
