## **SUBJECT: ESTABLISHMENT OF NEW POSITIONS**

### 1. Positions Classified on the Basis of Duration

A. Permanent Positions - A permanent position is one that is established with the intention that it will continue indefinitely. Once established, through the New Position Approval Form, it continues to exist, whether filled or vacant, until abolished.

1. A permanent position may be faculty, exempt, or classified.
2. A permanent position may be part-time or full-time and it may be filled by an appointment that is temporary, probational, fixed-term, continuing, with or without tenure. It is the position, not the appointment that is permanent.
3. A permanent position is designated as "permanent" solely on the basis of intent as to its duration, irrespective of the duties, the appointment, the funding, or any other consideration.
4. A permanent position will be automatically deleted by the state if it is vacant for a period of one year.

B. Temporary Positions - A temporary position is one that is established for a definite period. Typically, the duration corresponds to the period of a grant or contract. Irregular help and student help, though not necessarily established for an explicit duration, are, for the purposes of this and related policies, not considered to be permanent positions.

### 2. Authorization of Temporary Positions

SUBJECT: Establishment of New Positions

- A. Temporary and irregular help positions may be approved by the appropriate Vice President or President (in the case of DRU's). There can be no commitment to continue a temporary position beyond the length of time specified when it is established. In particular, there can be no commitment to continue on appropriated funds a position initially established with non-appropriated funding.
