The Professionals Survey collects salary data for 387 "functional professional" positions with primary assignments and responsibilities requiring professional-level expertise and work in a specific functional area, such as academic or student services, facilities management, human resources, information technology, athletics, etc. Positions covered include those with supervisory duties that do not represent the majority of their time and effort. Nearly all positions require at least a baccalaureate degree or equivalent in the field and may require a terminal degree and/or professional licensure. Crosswalks are provided to facilitate completion of IPEDS and other reporting, but these codes are not used in this survey. All SOC codes have been updated to 2018 codes, with changes indicated in red. Note: Although the Professionals Survey has traditionally been a survey for exempt positions, we realize that many positions are in a state of flux in regard to exempt status due to impending FLSA changes to the OT rule. Please continue to report employees under the position number in which the description is the best match, regardless of exempt status. We will continue to collect and report on exempt status for these positions at least until after impending FLSA legislation is finalized.

CHANGES TO THIS YEAR’S POSITIONS: All changes are designated in red. No positions were discontinued from last year’s survey. Positions added: Medical Residential Program Coordinator (400125); Head, Accreditation for Graduate Medical Education (400145); Performing/Creative Arts Professional, Faculty Affairs Professional (400140), Head, Student Success (412135), Deputy Title IX Coordinator (423155), Business Analyst, Non-IT (426000), Compliance Specialist (427000), Institutional Research Analyst (428200); Head, Institutional/Academic Assessment (429100); Principal Gifts Officer (437130); Donor Relations/ Stewardship Professional (437160); Communications/Marketing Specialist (443115), Head, Campus Events (449010), Facilities Manager, College/Division (450120); Food Service Unit Manager (458220); IT Consultant (461175); Systems Manager/Reporter (463170); Research Coordinator, Non-Clinical (471700); Clinical Research Coordinator, Non-R.N. (478060); Head Coach - Bowling (498740); Head Coach - Rugby (498750); Head Coach - Equestrian Sports (498760); Head Coach - Sports (49877); Assistant Coach, Bowling (498620); Assistant Coach, Rugby (498630); Assistant Coach, Equestrian Sports (498640). The position number for Faculty Development Professional was changed from 40655 to 40610. The position number for Compliance Officer was changed from 430180 to 427010. The position number for Major Gifts Officer, Senior was changed from 437130 to 437125. The position number for Web Content Developer was changed from 406100 to 443160. The position number for Web Graphics Designer was changed from 406105 to 443170. The title of Collaborations Specialist was changed to Student Account Receivables Manager (430150). The descriptions of Police/Public Safety Professional (882000) and Police/Public Safety Supervisor (883000) were clarified to distinguish them from police positions in the Staff Survey.

</tr>
</tbody>
</table>
Librarian, Head of Special Collections and Archives
Responsible for providing services related to special collections and university archives in all formats. Ensures consistent and secure access to special collections through the creation of policies and procedures. Analyzes current condition of materials and implements appropriate preservation measures for use and long-term storage. Works with appropriate college offices, alumni, and other entities in identifying potential donors and materials that support the college's mission. May also be responsible for conservation. Common job responsibilities could include but are not limited to: special collections, archivist, digital archivist, preservation, local history, rare books, records management, digitization, institutional repository, manuscripts. Degree requirement: ALA Accredited Masters.

Librarian, Systems/ Digital Resources
Serves as the database administrator for the library's integrated system. Responsible for the information technology infrastructure for the library, trains staff on new technologies; provides leadership in solving problems associated with delivery of electronic resources. Researches, evaluates, and recommends methodologies, standards, and software for the creation and preservation of digital collections. Serves as an expert to other library and college staff regarding the digitization and preservation of resources and records. Manages any open source projects and licensing of digital content. Degree requirement: ALA Accredited Masters.

Librarian, Head of Reference & Instruction (Ref Level II)
Head of department responsible for research and information services in all formats and venues, including reference, instruction, information commons, workrooms, etc. Oversees staff and workstations, develops policies and procedures, provides leadership, manages schedules, monitors trends, and develops campus partnerships. Plans, teaches, and assesses information literacy program in collaboration with faculty members. Develops materials to support research and instruction in all formats; serves as liaison to academic departments. Degree requirement: ALA Accredited Masters. Additional Masters may be required.

Librarian, Reference and Instruction (Ref Level II)
Provides general and virtual information, research, and reference services. Plans, teaches, and assesses information literacy instruction in collaboration with faculty and/or department head. Develops web- and print-based materials. Serves as liaison to academic departments. Locates and creates digital content to support academic instruction. Explores, evaluates, and encourages deployment of emergent technologies into library programs and services. Generally has 0-3 years of experience in the field. Degree requirement: ALA Accredited Masters.

Librarian, Cataloger/ Metadata (Level II)
Responsible for original, complex, and copy cataloging of materials in all formats including electronic resources. Reviews and recommends new workflows as technologies change. May supervise and train student assistants in cataloging support tasks. Reviews cataloging policies and procedures and makes recommendations for improvement. Generally this individual has 2-3 years of experience in the field. Degree requirement. ALA Accredited Masters.

Librarian, Cataloger (Level I)
Responsible for original and copy cataloging of materials in all formats including electronic resources. May provide training to student assistants. Evaluates bibliographic records for contribution to the Library of Congress database. Bachelor's degree and 0-1 years of experience or ALA Accredited Masters.

Librarian, Electronic Resources/ Serials
Provides leadership in the management and procurement of electronic resources; collects and analyzes usage data to assist in selection decisions; troubleshoots access problems; promotes public awareness and use of electronic resources. Degree requirement: ALA Accredited Masters.

Librarian, Media
Manages the library's media resources; manages digital collections and provides information services for the collection; ensures copyright compliance for media materials. Markets media collection services and resources for faculty, staff, and students. Interacts and communicates with faculty and library subject liaisons concerning media collections. Researches and selects new media materials to be purchased for the collection in support of academic programs, faculty research, and student interests, utilizing professional and trade reviews. Common job responsibilities related but not limited to: media, film, audio-visuals, music, images, etc. Degree Requirement: ALA Accredited Masters.

Librarian, Distance Education
Develops and manages distance library services incorporating optimal traditional and technological resources to support academic programs offered at a distance. Coordinates development and implementation of a strategic plan to identify institutional priorities and goals for distance education. Establishes and coordinates agreements with other institutions as needed; facilitates document delivery; develops and implements policies and procedures for online education services. Degree requirement: ALA Accredited Masters.

Librarian, Government Documents/ Publications
Assumes leadership responsibility and the planning and operation of the government documents department. Responsible for the transition of the documents to an electronic environment including ensuring quality bibliographic control of documents, maps, and geopolitical materials. Promotes the use of the material to faculty, students, and others. Degree requirement: ALA Accredited Masters.

Librarian, Head of Branch Library
Serves as the head of a stand-alone specialty library of the institution, such as the archives or science library, which is considered a distinct operating unit from the main campus library. Manages and oversees all functional aspects of that library in collaboration with and under the direction of the senior library officer for the institution (or designee). Degree requirement: Master's degree.

Librarian, Head of Access Services
Responsible for oversight of access services, which can include circulation, reserve, interlibrary loan, stack maintenance, facility maintenance, and security. Degree requirement: ALA Accredited Masters.

Librarian, Access Services
Manages aspects of access services, including some or all of the following: circulation, reserve, ILL, user fees and fees, and stacks maintenance. Accountable for service quality, innovation, and creative use of available technology in support of access service operations. Degree requirement: ALA Accredited Masters.

Librarian, Special Collections and Archives
Manages aspects of special collections and archives including some or all of the following: providing services related to special collections and archives in all formats, preservation, conservation, rare books, records management, institutional repositories, and manuscripts. Degree requirement: ALA Accredited Masters.

Librarian, Data and Geographical Information
Develops a comprehensive data management program to serve the needs of faculty and students. Works in collaboration with subject librarians to build liaisons with faculty, students, and staff in the collection, curating, and reuse of data. Provides support in the discovery, use, and management of locally created and externally available data. Degree requirement: ALA Accredited Masters.

Librarian, Emerging Technology
Provides leadership and promotes awareness of new and emerging technologies to improve the patron experience and library services and workflow. Common job responsibilities could include but are not limited to: web development, program and application development, digital integration, assessing and using new technologies to create value for users. Requires a bachelor's degree or equivalent apprenticeship program in museology or museum studies is preferred. Excludes the fine arts.

Librarian, Access Services
Manages aspects of access services, including some or all of the following: circulation, reserve, ILL, user fees and fees, and stacks maintenance. Accountable for service quality, innovation, and creative use of available technology in support of access service operations. Degree requirement: ALA Accredited Masters.

Librarian, Data and Geographical Information
Manages aspects of special collections and archives including some or all of the following: providing services related to special collections and archives in all formats, preservation, conservation, rare books, records management, institutional repositories, and manuscripts. Degree requirement: ALA Accredited Masters.

Librarian, User Experience/ Assessment
Provides leadership that enhances the value of the library to its users and the institution. Oversees assessment of users' needs, including space planning. Coordinates development of innovative products and services to meet that need, including coordinated marketing strategies intended to improve the use and application of library resources across the curriculum. Degree Requirement: ALA Accredited Masters.

Academic Affairs: Museum and Continuing Education Professionals; 403050 - 404120

Head, Campus Museum
Plans and directs museum programs, acquisitions and exhibition schedules, staff, budgets, and facilities; oversees conservation and display of permanent and touring collections; pursues external funding sources. Position generally requires a Ph.D or equivalent training, experience in art history or a related field and demonstrated scholarly or other professional accomplishments.

Archive/Museum/ Gallery Curator
Determines the storage conditions and level of care for objects in the museum's collection. Designs and implements documentation, information retrieval, and storage systems to ensure safety and facilitate research use of collections. Responds to requests from the campus community and off-campus individuals and organizations to use the museum's research collections. Catalogues new collections; writes grant proposals and fund raising papers. Requires a bachelor's degree in anthropology, biology, geology, or related field or equivalent plus 4-5 years' experience in the conservation of textiles and objects and knowledge of computer use in museums. Advanced degree or equivalent apprenticeship program in museology or museum studies is preferred. Excludes the fine arts.

Continuing Education Specialist
Responsible for planning and developing continuing education programs. Coordinates and manages the planning, design, and development of university-level credit and non-credit courses. May include planning and development of workshops, certificate programs, seminars, and special events. Requires a bachelor's degree or equivalent plus 4-5 years' related experience.

Continuing Education Conference/ Workshop Coordinator
Coordinates activities involved in provision of conference and workshop services. Assists in the selection or design of workshops to be presented. Develops preliminary program budget. Coordinates registration process, including fee collection and payment of honorarium and conference expenses. Secures appropriate conference setting and arrangements for auxiliary services, including lodging, meals, and transportation. Requires a bachelor's degree or equivalent plus 2-3 years' related experience.

Academic Affairs: Instructional Design/Media, Training Delivery, Performing Arts, and Faculty Affairs/Development Professionals; 406050 - 409100

Instructional Technology, Faculty Support Manager
Supervises and oversees online education instructional and document support services, which may include a training center. Provides educational support to online education faculty. Exercises educational and administrative authority on student activities, including classroom management; and for students enrolled in online education courses. Requires a bachelor’s degree in educational technology, instructional design or related field.

Instructional Technology Specialist
Responsible for working with faculty to promote the effective use of IT in support of teaching and learning.

Online Instructional Designer, Entry
Provides support to faculty, programs and schools in development and conversion of courses and programs to innovative online and other technology-assisted educational venues utilizing cutting-edge and creative design and course development options. Responsibilities include analysis, design, development, and implementation of online courses, web-based training, and face-to-face training curricula; proactive consulting; and instructional design instruction and related field.
Online Instructional Designer, Senior
Provide support to faculty, programs and schools in development and conversion of courses and programs to innovative online and other technology-assisted educational venues utilizing cutting-edge and creative design and course delivery options. Responsibilities include analysis, design, development, and implementation of online courses, web-based training, and face-to-face training curricula; proactive consultation with subject matter experts to identify and deliver training objectives and content; draft storyboards and mock-ups, and write and develop content as needed. Often works on multiple projects concurrently, and must be able to create project plans and deliver timely results. Minimum requirements typically include Bachelor’s degree in education, education technology, instructional design or related field, with 3-5 years of progressively advanced online instructional design or equivalent experience.

Head, Campus Educational Media Services
Responsible for providing audio-visual/media services and equipment in support of the institution’s instruction/learning process, research and public service programs.

Head, Executive Education
Reporting to the Dean, the Executive Director articulates and operationalizes an entrepreneurial vision for state of the art executive education programs. This position leads a team of business development staff, educational designers, and instructors who deliver custom training, open enrollment classes, certificate curricula, online learning, consulting, and related research. Identifies and cultivates key client/stakeholder groups to be served and develops strategies and content that addresses understanding of the major forces shaping the needs, positions, and actions of key client/stakeholder groups. Develops and executes a business plan that supports the strategic priorities of the program and the needs of key client stakeholders. Secures professional development contracts with major corporations, nonprofits, and government entities. May work with an advisory board. Qualifications typically include 10+ years of experience, with a master’s degree mandatory and a PhD preferred.

Head, Tutoring Program
Responsible for fostering student learning and development by providing vision, leadership, best practices, and assessment for the tutoring program. The position works closely with other staff on campus (e.g., in Student Affairs), and with faculty from all schools to improve campus-wide tutoring on a continual basis.

Head, Intensive English Program
Overseas a program to provide international students with the language and cultural skills needed to be successful at an American university. The director’s functions include placing students; planning courses; selecting and training teachers; selecting texts and materials; supervising and evaluating instruction. In addition, the Director and the IEP contribute to the integration of international students into all aspects of campus life, and collaborates with faculty, staff and students across campus toward creating a successful academic experience for all international students.

Performing/Creative Arts Professional
Professionals in the performing/creative arts without faculty rank, including performance artists, teachers, musicians, and creative designers. Includes artists in residence.

Head, Theater/Performing Arts Center
Works with senior management to create a vision and strategy for performing arts. Plans, directs and markets theater/performing arts center programs. Responsible for all administrative activities and the day-to-day operations of the theater, including working with students, faculty and rental clients, hiring and scheduling of staff, managing revenue targets, payroll and budget management, program development, overseeing new productions, marketing, public relations, and developing community related performing arts programs, such as festivals and concert series. Integrating the theater more into student and community life is always a focus, including managing the relationships between the Center and other academic and administrative departments.

Faculty Affairs Professional
Manages institution-wide faculty affairs including—but not limited to—hiring, promotion and tenure, grievances, and awards.

Faculty Development Professional
Coaches instructors on effective classroom teaching. Develops faculty, graduate teaching assistants, and postdocs in evaluating and refining teaching skills and practices. Promotes conversations and develops workshops on teaching and learning.

Student Affairs: Services, Admissions, & Career Counseling Professionals; 410110 - 412150

Head, Minority/Multicultural Student Affairs
Includes those heading general multicultural student affairs or a specific race/ethnicity (e.g., Asian, Black, Hispanic/ Latino, Indian). Responsible for direction of counseling programs, cultural affairs, and remedial and support programs. Also invites minority speakers to campus. May be responsible for minority housing and cultural/intercultural centers.

Head, LGBTQ Student Affairs
Coordinates and administers counseling programs, awareness efforts, and support programs for the campus LGBTQ community. May be responsible for inviting LGBTQ speakers to campus, or coordinating housing or other services for LGBTQ students.

Head, Cooperative Education
Coordinates and administers a cooperative education program. Serves as the college or university representative on off-campus visits for the solicitation of cooperative jobs and scholarships from local and national firms and organizations. Interprets policies and procedures of cooperative programs for students and industry, interviews student applicants, and matches job/company to student. Requires a bachelor’s degree or equivalent plus 2-3 years’ experience.

Head, Campus Ministries/Religious Affairs
Plans, coordinates, and directs the pastoral ministry and religious activities of the campus; advises on policies and issues affecting the well-being of the campus community.

Head, International Student Affairs
Delivers support services to foster the education and development of international students and scholars. Provides advice, counseling, and advocacy regarding immigration, cross-cultural, and personal matters. Supports an environment conducive to international education and intercultural awareness via educational, social, and cross-cultural programs.

Head, Women’s Center
Responsible for helping women achieve their full potential in the college and university setting. Facilitates women-focused educational programs, provides resources on women’s issues, and a safe environment for discussion of women’s concerns. Advocates for women students to other administrators on creating policies and a campus climate responsive to women’s needs.

Student Chapel
Initiates and participates in community building and religious programming. Assesses the spiritual needs of students. Master’s degree preferred.

Student Admissions Counselor
Responsible for one or several areas of student admissions. Reports to the Chief Student Admissions Officer.

Student Admissions Coordinator
Recruits freshmen and transfer students from high schools and community colleges. Coordinates presentations to student groups. Counsels students and parents regarding the admissions process. Requires a bachelor’s degree or equivalent plus 2-3 years’ related experience.

Graduate Program Admissions Coordinator
Coordinates admissions process for an individual graduate school/program (e.g., law, business, medicine, etc.). Receives and evaluates application materials and makes admissions recommendations. Coordinates communications and interactions between the program and applicants; notifies applicants of admissions decisions. Coordinates with graduate school, main campus admissions, registrar, and financial aid offices.

Head, Campus Graduate Admissions
Responsible for all aspects of graduate recruitment and for developing and implementing programmatic marketing/recruitment strategies that result in increasing both the quantity and quality of graduate students entering the institution. The Director oversees the processing of graduate applications.

Student Career Counselor
Advises and counsels students concerning employment opportunities and careers. Encourages employers to recruit campus graduates. Conducts individual and group sessions to inform students of services, policies, and procedures and to provide assistance in resume preparation and interviewing techniques. Serves as liaison between employers and students; administers and coordinates activities associated with the campus interview program. coordinates production of job opportunities bulletin and refers students to prospective employers. Requires a bachelor’s degree or equivalent plus 2-3 years’ related experience. Exclude instructional faculty.

Head, First Year Experience
Responsible for heading the design and implementation of activities and initiatives that advance the institution’s priorities for improved student persistence by providing a coordinated first-year experience that aligns with the institution’s strategic retention goals. The incumbent will work in partnership with faculty to connect existing institutional FYEs while making recommendations for new universal first year programs. The Director will lead in the establishment of a coordinated, comprehensive approach that brings together the institution’s diverse and distinctive portfolios of first-year programs.

Student Success Professional
Provides direct service and support to students through comprehensive academic and career planning from the point of admission to graduation. Provides learning support strategies, graduation planning, and monitoring student progress toward degree. Specific responsibilities include provision of guidance and mentoring to optimize the student experience and, in turn, improve student retention and success. Provides services related to orientation, registration, assessment of learning, referral, and facilitates student engagement and career planning activities within the university’s overall career services model.

Coordinator, Student Conduct
Adjudicates and investigates student conduct cases; holds administrative hearings and determines sanctions as necessary. Creates and provides workshops for students, faculty, and staff including civility, student engagement, and student success. Assists with programs and activities to promote student engagement and increase awareness regarding campus civility and code of conduct. Educates faculty and staff about student/faculty rights, campus resources, classroom behavior management techniques, and informal/ formal channels of conflict resolution. Works with faculty/staff about individual student situations.

Coordinator, Clinical Experiences and Internships
Position is responsible for assigning students to practical experience sites, monitoring students’ performance during practicum, and working closely with practicum site administrator(s) and liaison(s). Responsible for establishing internship sites and supervising those relationships with community partners, as well as tracking hours toward completion for students and evaluating the students’ internship success based upon ongoing supervision from the internship site supervisors.

Student Affairs: Financial Aid & Housing Professionals; 413100 - 414140

Deputy Head, Student Financial Aid
Responsible for one or several areas of student financial aid. Reports to the Director of Financial Aid.

**Student Financial Aid Counselor**
Provides personal and financial aid application counseling to students and parents. Assists in the administration of the financial aid program. Responsible for the management of institutional custodial services. Report managerial level position.

Head, Campus Power Plant
Directs operation and maintenance of high-pressure steam and electrical generating plants and central refrigeration plants and all utility distribution systems.

Head, Building Maintenance Trades
Manages operation of building craft areas, which usually include carpentry, lockwork, painting, sheet metal, welding, masonry, and roof and road functions.

Facilities Manager, College/Division
Oversees facilities management and maintenance for an individual college/division or other major campus facility. Areas of responsibility may include infrastructure maintenance and repair, building safety, and groundskeeping.

Facilities Utilization Planner
Assists in planning and coordinating campus-wide use of space and physical facilities. Maintains current floor plans and data on campus facilities. Receives and analyzes requests for space. Develops space rationing tools. Develops space management applications.

Facilities Utilization Planner
Assists in planning and coordinating campus-wide use of space and physical facilities. Maintains current floor plans and data on campus facilities. Receives and analyzes requests for space. Develops space rationing tools. Develops space management applications.

Facilities: Services, Maintenance, Design, and Construction Professionals; 301010 - 452100

Engineer, Construction Projects Coordinator
Coordinates projects involving major renovations and/or alterations to campus buildings. Serves as liaison among physical plant shops, campus departments, and external contractors for coordinating and scheduling construction projects ( excludes new construction). Visits work site to determine necessary resources. Inspects projects to ensure compliance with specifications and standards. Typically requires a bachelor's degree in engineering or construction or equivalent plus 4-5 years' experience.

Engineer, Facilities Mechanical Systems
Assists in the design and retrofit of mechanical systems for campus buildings. Advises on mechanical problems and recommends solutions. May design new mechanical systems. Develops specifications, conducts materials research, and selects materials required for renovations and alterations. Reviews drawings and documents to ensure compliance with specifications and standards. Requires a bachelor's degree in mechanical engineering or equivalent plus 4-5 years' experience.

Engineer, Electrical/Electronic
Conducts research and development activities related to the design, development, manufacture, modification, installation, and testing of electrical/electronic systems, components, and equipment. Identifies, develops, and installs systems. Identifies complex operating and installation problems and recommends solutions. Prepares cost estimates and develops specifications for the selection, application, and installation of equipment. Requires a bachelor's degree or equivalent plus 2-3 years' experience.

Engineer, Electrical/Electronic
Conducts research and development activities related to the design, development, manufacture, modification, installation, and testing of electrical/electronic systems, components, and equipment. Identifies, develops, and installs systems. Identifies complex operating and installation problems and recommends solutions. Prepares cost estimates and develops specifications for the selection, application, and installation of equipment. Requires a bachelor's degree or equivalent plus 2-3 years' experience.

Engineer, Electrical/Electronic
Conducts research and development activities related to the design, development, manufacture, modification, installation, and testing of electrical/electronic systems, components, and equipment. Identifies, develops, and installs systems. Identifies complex operating and installation problems and recommends solutions. Prepares cost estimates and develops specifications for the selection, application, and installation of equipment. Requires a bachelor's degree or equivalent plus 2-3 years' experience.

Engineer, Mechanical
Designs, modifies, tests, evaluates, manufactures, and installs mechanical parts, components, and equipment. Identifies operating and installation problems and recommends solutions. Prepares cost studies and develops specifications for the selection, application, and installation of equipment. Requires a bachelor's degree in mechanical engineering or equivalent plus 2-3 years' experience.

Engineer, Research Projects Instrumentation
With direction from a designated supervisor, designs, develops, and maintains scientific research and teaching instrumentation. Designs sophisticated scientific equipment, provides technical advice, administers related budgets, and prepares protocols and reports. Requires a bachelor's degree in electrical or mechanical engineering or related field and 2-3 years' related experience.

Engineer, Electrical/Electronic, Sensor
Conducts research and development activities related to the design, development, manufacture, modification, installation, and testing of electrical/electronic systems, components, and equipment. Identifies, develops, and installs systems. Identifies complex operating and installation problems and recommends solutions. Prepares cost estimates and develops specifications for the selection, application, and installation of equipment. Requires a bachelor's degree in electrical engineering or equivalent plus 4-5 years' professional engineering experience.

Engineer, Mechanical, Sensor
Provides professional direction to and coordination of other engineers, technicians, and skilled trade employees in the design, testing, manufacture, installation, and repair of mechanical parts, components, and equipment. Identifies complex operating and installation problems and recommends and/or installs solutions. Requires a bachelor's degree in mechanical engineering or equivalent plus 4-5 years' professional engineering experience.

Engineer, Utilities
Designs and consults on utility systems with engineering, project management, and architects. Primary focus is utility infrastructure design, energy use, maintenance of utilities equipment, and construction associated with projects undertaken.

Environmental Health and Safety Specialist
Coordinates comprehensive program of disposal of hazardous chemical waste materials or radiation safety. Conducts inspections of laboratories and facilities to ensure compliance with regulations and procedures. Provides training concerning hazardous materials and chemicals to faculty, staff, and students. Provides for the collection, storage, transportation, and disposal of hazardous waste. Requires a bachelor's degree in an appropriate scientific or engineering field or equivalent plus 4-5 years' related experience. Excludes health and safety in industrial hygienist positions.

Safety Officer
Coordinates functions of a health and safety program, which may include workers' compensation and fire prevention. Activities include safety education, promotion of health and safety concerns, purchase and design of safety equipment, safety engineering, and accident reporting. Performs technical investigations and evaluations and provides reports and technical consultation regarding health and safety issues to faculty and staff. Requires a bachelor's degree in appropriate scientific, engineering, or public health field or equivalent plus 4-5 years' experience.

Risk Management Claims Specialist
Coordinates, prepares, and processes payment of insurance claims for the institution. Obtains claims information and verifies that applications are complete and accurate. Maintains files on claims and prepares related reports. May investigate claims, determine compensability, and negotiate and settle claims.

Head, Campus Child Care Site
Responsible for the direction and supervision of child/day care center activities. Performs a variety of professional and administrative duties, including program administration and management of budgets, facilities, personnel, and special projects for a single site. Coordinates the child care support services program with day care center teachers and other staff. Must meet state license requirements. May require a master's degree in early childhood education or related field. Requires 5-8 years experience with child development programs.
Child Care Center Teacher
Degreed, professional teacher. Plans and implements a developmentally appropriate curricula and activities for children and families enrolled at a campus child care center or early childhood development program. Using observation and developmental profiles/checklists, maintains appropriate records of children's progress. Supervises personnel assigned to assist with classroom activities (including students, assistants, and volunteers).

Farm Manager
Directs and coordinates all activities required for successful operation of the institution's farm; supervises professional farm staff and student workers. Responsible for livestock and crops; oversees crop production, planting, harvesting, marketing, and maintaining compliance with local, state and federal regulations where applicable. Responsible for selecting, purchasing and maintaining all farm equipment, and for training and ensuring its safe operation. Responsible for maintaining all farm property and buildings, and for the farm's overall appearance. Assists in carrying out plans for teaching, research and service on the farm. Maintains a farm enterprise accounting system; runs the farm as a business while operating within the institution's budget. Position may also involve maintaining close relations with the local agricultural community. Minimum requirements are a B.S. in Agriculture or a related field and 5 years experience.

Food Service Unit Manager
General manager of an individual food service unit on campus.

Information Technology: IT Professionals; 461120 - 461190

IT Auditor
Performs audits of institutional information technology risk, governance and control processes in accordance with internal auditing policies and standards. May also perform work to accomplish investigative and/or advisory services. Tasks are varied. Plans, assigns and reviews work product of other auditors assigned. Analyzes records, systems and processes. Prepares written documentation of work performed and develops reports. Interviews and advises personnel and lower to upper level management concerning the work and to convey results. Possesses and applies a moderate level of knowledge of information technology auditing concepts, practices and procedures, as well as experience and judgment to plan and accomplish goals. Able to handle a moderate degree of work complexity and grant a similar degree of creativity and latitude. Competent verbal and written communication skills are expected. Requires only general supervision. Reports to auditor or above. Requires a bachelor degree in information technology or related field or equivalent. Audit-related certification or commitment to obtain may be required. Generally, 3-5 years of information systems auditing and/or related work experience.

IT Analyst
Performs work to accomplish investigative and/or advisory services. Tasks are varied. Plans, assigns and reviews work product of other auditors assigned. Analyzes records, systems and processes. Prepares written documentation of work performed and develops reports. Interviews and advises personnel and lower to upper level management concerning the work and to convey results. Possesses and applies a moderate level of knowledge of information technology auditing concepts, practices and procedures, as well as experience and judgment to plan and accomplish goals. Able to handle a moderate degree of work complexity and grant a similar degree of creativity and latitude. Competent verbal and written communication skills are expected. Requires only general supervision. Reports to auditor or above. Requires a bachelor degree in information technology or related field or equivalent. Audit-related certification or commitment to obtain may be required. Generally, 3-5 years of information systems auditing and/or related work experience.

IT Architect
- Designs data retrieval and management systems to meet user needs. Conducts feasibility studies, evaluates costs, analyzes user needs, designs in-house data processing systems or subsystems, programs the systems or subsystems, develops testing criteria, and establishes documentation to support the new systems. Requires a bachelor's degree in computer science or equivalent plus 2-3 years' direct programming experience. This is not an entry-level position.
- Performs audits of institutional information technology risk, governance and control processes in accordance with internal auditing policies and standards. May also perform work to accomplish investigative and/or advisory services. Tasks are varied. Plans, assigns and reviews work product of other auditors assigned. Analyzes records, systems and processes. Prepares written documentation of work performed and develops reports. Interviews and advises personnel and lower to upper level management concerning the work and to convey results. Possesses and applies a moderate level of knowledge of information technology auditing concepts, practices and procedures, as well as experience and judgment to plan and accomplish goals. Able to handle a moderate degree of work complexity and grant a similar degree of creativity and latitude. Competent verbal and written communication skills are expected. Requires only general supervision. Reports to auditor or above. Requires a bachelor degree in information technology or related field or equivalent. Audit-related certification or commitment to obtain may be required. Generally, 3-5 years of information systems auditing and/or related work experience.
Information Technology: IT Database, Client Support, and Network Support Professionals; 462100 - 464120

462100 Database Administrator
Maintains effective and efficient operation of a computer database. Ensures database runs properly, keeps database current, makes access readily available and timely, and formulates and designs new database applications. Makes decisions regarding procedures for set up of, access to, and operation of database. Refers decisions relating to major policy changes or the purchase of new software to supervisor. Requires a bachelor's degree in computer science or equivalent plus 2-3 years' related experience.

462110 Data Administrator
Establishes the data administration function, including designing data models, data definitions, and policies governing administrative data systems. Participates in and oversees data integration strategy, including planning, development and implementation. Identifies common data and associated relationships, resolves data definitions and ownership issues, and ensures data integrity. Coordinates process to develop data standards policy to improve data accuracy, integration, access and integrity.

462120 Principal Data Administrator
Senior person responsible for developing and implementing standards, procedures, and controls that ensures the security, reliability, and availability of databases.

463110 IT Client Support Specialist
Specific title will vary. Responsible for supporting, maintaining, monitoring, updating, troubleshooting and repairing one or more of the following – computer systems (including servers and workstations), network components, software and applications. Requires a bachelor's degree in computer science or equivalent related experience.

463120 Help Desk Specialist/Tech
Responsible for front line support of institutional users of enterprise applications, desktops, networks, and information resources.

463130 Help Desk Manager
Responsible for development and implementation of technical support processes and procedures, evaluation and recommendation of Help Desk tools, development of Help Desk scripts, creation and publication of Help Desk materials and documentation, and design and implementation of reports to measure performance of Help Desk staff.

463140 Email Administrator
Responsible for setup, configuration, administration, and security of email server(s). Also responsible for setting appropriate email policy within the organization.

463150 IT Business Analyst
Provides support for IT system and/or software development teams activities by ensuring project requirements properly capture and convey the needs of users. Analyzes business and/or user needs to create software.

463160 IT Relationship Manager
Oversees customer portfolio of application requests and acts as liaison between technicians and customer. Calls on customer leaders regularly to report on work status and list for upcoming needs. Serves as point of escalation for customer issues and forums for all work that doesn't fall into standard operating procedures. Works with customers to shepherd projects through governance processes.

Information Technology: IT Systems Support, Security, and Telecommunications Professionals; 465130 - 467100

465130 IT Systems Programmer
Provides technical expertise on in-house operating system and equipment configurations, assists in development of hardware and software performance evaluations, recommends optimum equipment configurations, and implements and maintains the installation's in-house operating system and other software system. Audits the performance of in-house data processing systems activities. Requires a bachelor's degree in computer science or related field plus 2-3 years' programmer analyst and computer operations experience experience.

465140 IT Systems Programmer, Senior
Provides technical guidance with regard to proper data processing methods and performance standards. Audits performance of in-house data processing system activities and provides means to improve performance. Evaluates software requirements, analyzes equipment capabilities, recommends optimum equipment configurations, and evaluates recommendations from lower-level system programmers. Implements and maintains the installation's in-house operating system. May assist in education and/or instruction of programmers; may serve as a project leader or be assigned to more complex projects. Requires a bachelor's degree in computer science or related field or equivalent plus 4-5 years' programmer analyst and computer operations experience, or which 3 years should be as a systems programmer.

465150 IT Systems Programmer, Supervisor
Supervises a unit of Systems Programmers and/or Senior Systems Programmers providing technical guidance with regard to proper data processing methods and performance standards. Audits performance of in-house data processing system activities and provides means to improve performance. Evaluates software requirements, analyzes equipment capabilities, recommends optimum equipment configurations, and evaluates recommendations from lower-level systems programmers. Implements and maintains the installation's in-house operating system. Requires a bachelor's degree in computer science or equivalent plus 5-8 years' programmer analyst and computer operations experience, or which 5 years should be as a systems programmer, and 1-2 years' supervisory experience.

465160 IT Systems Administrator
Installs, configures monitors and maintains systems, including email and web servers. Monitors data integrity and system security.

465170 IT Storage Administrator
Implements and manages storage systems and infrastructure components for computing environments. Provides support for storage administration, performance tuning, monitoring, and capacity planning. Builds storage infrastructure to support the business environment. Recommends, develops, and enforces policies and procedures for maintaining the security and integrity of data.

465200 IT Research Computer Scientist
With general supervision from faculty members, provides high-level consultation for and expertise with computer applications to scientific research problems. Consults with researchers to determine needs; performs computerized data processing operations and statistical analyses of research data; performs computing programming, debugging, and documentation; assists in interpretation and reporting of results. May supervise students. Requires a bachelor's degree in computer science or related field plus 2-3 years' experience in computer science or equivalent.

466100 IT Security Analyst/Engineer
Responsible for day-to-day monitoring of institutional systems for intrusion, identification and management of day-to-day IT security vulnerabilities and threats, implementation of tools for managing spam, patching software, and enforcing day-to-day IT security policy.

466110 IT Security Analyst/Engineer, Senior
Responsible for day-to-day monitoring of institutional systems for intrusion, identification and management of day-to-day IT security vulnerabilities and threats, implementation of tools for managing spam, patching software, and enforcing day-to-day IT security policy. Provides technical guidance and support to more junior analyst as needed.

467120 IT Telecommunications Manager
Responsible for overseeing the implementation and administration of the institution's telecommunications systems. Reports to Director, Telecommunications/Networking.

Research Professionals: Descriptions

Research Assistant supports the execution of certain aspects of a research project (after the research design is established), with minimal supervision. Requires a minimum of Bachelor's degree (or equivalent degree from a non-US institution), with preference for a Master's degree (or equivalent degree or experience).

Research Associate independently conducts a portion of a research program as directed by a senior member of the research team. A Research Associate may be involved in designing various aspects of the research project and independently conducts work complementary to the overall research objectives. Requires a minimum of Master's (or equivalent) degree, or Bachelor's (or equivalent) degree, plus at least 2 years of post-bachelor's work experience in a role that is demonstrably similar to that of a Research Assistant.

Research Scholar serves as an independent researcher, or a collaborator on a multi-scholar research initiative, and may have lead responsibility for discrete components of a larger project under the general direction of a senior or principal researcher. Requires a minimum of Ph.D. (or equivalent terminal degree in a relevant discipline), or Master's (or equivalent) degree, plus at least 5 years of research, post-doctoral, or other equivalent professional work experience, or in rare instances, a Bachelor's (or equivalent) degree, plus at least 8 years of exceptional relevant professional experience.

Senior Research Scholar is an accomplished and experienced professional researcher who conducts significant original research, or serves as a senior collaborator on a multi-scholar research initiative, typically leading substantive aspects of the overall project under the general guidance of a principal researcher. A Senior Research Scholar may serve as a co-principal investigator on a funded research project. Requires a minimum of Ph.D. (or equivalent terminal degree in a relevant discipline), plus at least 5 years of formal "post-doc" training and/or post-doctoral professional work experience, and must have a demonstrated record of research achievement, or Master's (or equivalent) degree in a relevant discipline, plus at least 8 years of exceptional relevant professional work experience and a record of research achievement, or in rare instances, a Bachelor's (or equivalent) degree, plus at least 10 years of exceptional relevant professional experience and a record of research achievement will be considered.

</tbody>
</table>
473120 Biostatistician
Collaborates with clinical investigators to determine study design, contributes to protocol development, writes statistical analysis plans, performs statistical analysis and inference and writes and presents reports summarizing findings including publications in peer-reviewed journals. Develops systems for monitoring the quality of clinical data. Ensures high-quality statistical support is provided for clinical trials, registries and other research studies. Requires knowledge of advanced statistical skills and knowledge of clinical research. Maintains expertise in state-of-the-art data manipulation and statistical methodology. Masters/PhD in biostatistics or Masters/PhD in statistics with clinical research experience. Demonstrated proficiency with statistical methods and applications in clinical research. Competent in SAS programming language.

477110 Statistician
Uses statistical methods to collect, summarize, analyze, and interpret data. Applies statistical theories to solve problems for the unit or institution. May design surveys, experiments, or opinion polls. May be involved in various forms of reporting or publication of results.

477110 Data Scientist
Responsible for analyzing complex data and providing data-driven advice for their unit. Manages statistical data and creates predictive models based on their unit’s needs. Possesses advanced analytical skills, as well as oral and written communication abilities. Processes research information for easier consumption and transforms it into actionable plans. Provides value to their unit through findings and thoughtful insights. Typically requires a graduate degree and/or many years of experience.

477140 Data Analyst
Performs analytical and reporting responsibilities for unit or institutional data. Projects may include building dashboards or reporting systems for end users, performing ad-hoc analyses and reporting to inform decision-making, and designing predictive modeling or other data mining capabilities. Less advanced than Data Scientist.

479120 Staff Physician
Works with a supervising physician, delivers health care, including direct patient care, consultation, and research. Assists with administrative activities; may participate in clinical research; may serve as athletic team physician. Supervises physician assistants, health profession students, and support staff. Requires an MD or DO degree, eligibility for state licensure, residency training, and/or 1-2 year’s college health or private practice experience. Provides direct patient care.

481120 Nurse Practitioner
Provides primary health care and nursing services in a student health center. Assesses, diagnoses, treats and monitors illness and manages chronic health problems. Demonstrates evaluation and observation skills relied on by physicians in development and modification of treatment. Evaluates concepts, procedures, and program effectiveness. Requires a bachelor’s degree, 4-5 years’ related experience, and current state certification. (Senior Specialist) Provides primary care in student health center.

481120 Staff Nurse
With supervision from a nursing supervisor, provides out-patient general medical/surgical nursing care to students and personnel. Interviews and evaluates patients, makes judgments regarding patient assessment, provides for comprehensive patient education when treating patients, and participates in outreach programs. Requires a bachelor’s degree in nursing and a current state RN license. Provides outpatient care to students and personnel.

481120 Clinical Research Nurse
With general supervision from a research director, administers and monitors treatment or research protocols. Conducts and counsels patients in research procedures, administers treatment procedures, monitors patients during procedures and records and analyzes data. Requires an RN license and 2 years’ nursing experience in the designated study area.

491020 Pharmacist, Student Health
Manages the on-campus pharmacy located in a student health center. Oversees dispensing and internal control procedures for all medications and drugs. Maintains full inventory. Order, dispenses, and maintains control and security of narcotic drugs. Ensures compliance with government regulations concerning records, dispensing, and compounding. Provides drug information to physicians; tests drugs and advises on drug use. Approves financial transactions and sets prices. Requires a degree in pharmacy, 4-5 years’ related experience, and current state license. Manages and oversees pharmacy operations in student health center.

493120 Veterinarian
Provides professional veterinary services in support of researchers in the health, care, and breeding of animals and the administration of surgical procedures/methods to animals. Prescribes medications, establishes treatment modalities, and performs complex surgeries on animals. Reviews and approves animal care and experimentation protocols to ensure compliance with veterinary standards and statutory requirements. Requires doctorate in veterinary sciences plus 5-8 years’ experience in providing veterinary services to a variety of animals. Provides veterinary services in support of researchers; requires DVM degree.

493120 Animal Care Manager
Responsible for directing the activities of the animal care unit. Assists in surgery and performs pre- and post-operative care as directed. Ensures maintenance of animal health and adherence to standard operating procedures and protocols. Trains employees in proper lab techniques. Maintains quality check on cleanliness of labs and animal rooms. Ensures care and maintenance of animals in the facility according to GLPs. Supervises animal technicians and support personnel. Requires bachelor’s degree in animal science or veterinary sciences plus 5-8 years’ experience with animal care and surgical techniques. Directs the activities of the animal care unit.

495120 Head, Environmental Sustainability
Provides leadership and coordination to the many distinct sustainability efforts on campus. In this role, develops a coherent, campus-wide sustainability program by coordinating academic, research, operations, and student sustainability activities. Fosters a culture of sustainability among students, faculty, and staff; identifies and prioritizes areas for institutional sustainability efforts; plans and develops long- and short-range programs; and engages with institutional leaders to foster sustainability broadly across campus units. Coordinates with the academic community to integrate sustainability into the curriculum. Serves as a point-person for all sustainability activities on campus.

Athletic Affairs: Athletics Professionals and Trainers; 400170 - 469110

400170 Head, Athletics Academic Affairs
Responsible for developing, implementing, supervising and evaluating the overall academic services offered to student athletes to ensure they achieve their full academic potential. Also responsible for monitoring institutional compliance with NCAA/conference academic eligibility regulations for student-athletes in all sports. Typically requires: Bachelor’s degree and 3-5 years of related administrative experience.

402120 Head, Athletics Compliance
Responsible for developing, monitoring and implementing the compliance system for maintaining institutional control for the school’s athletic program. Responsible for the comprehensive administration of all athletic compliance functions of NCAA and other governing organizations, as well as pertinent governmental regulations. Responsibilities include, but are not limited to, monitoring recruiting activities, initial eligibility certification, continuing eligibility certification, financial aid administration, self-reporting and rules education. Typically requires: Bachelor’s degree and 2-4 years of NCAA Compliance experience at an institution of higher learning.

432110 Head, Athletics Finance & Business
Responsible for management and administration of all aspects of the business office for the Athletic Department. Oversees the finance and business activities of the department. Responsibilities include for day-to-day operations, budget planning and reporting, contracts, human resources and information technology. Typically requires: Bachelor’s degree, preferably in business or accounting, 5 years of administrative experience in a collegiate athletics programs, including three years of supervisory experience.

437110 Head, Athletics Development
Responsible for all fund raising for athletic programs, including major gift cultivation and solicitation, capital campaigns, athletic club, premium seating programs, private suites, etc. Typically requires: Bachelor’s degree, 3-5 or more years of college or university athletic fund-raising experience.

457110 Head, Athletics Operations
Directs use, operation, and maintenance of all Institution athletic facilities and fields including stadiums, arena, gymnasiums, pools, rinks and boathouses. Oversees administration of all events and establishes facilities revenue goals. Establishes long-range planning for facilities, identifies, assesses and addresses short- and long-term program needs in conjunction with staff members and coaches, and plans for and recommends technology improvements. Typically requires: Bachelor’s degree with Master degree preferred; 8 or more years experience in facility and operation management; preferably athletic facility administration and operations experience desired.

468110 Head, Athletics External Affairs
Responsible for advising the Athletic Director on all external affairs and overseeing the external relations program which includes advertising, promotions, marketing, communications, ticketing and public affairs for the entire department. Oversees all marketing and promotions fulfilling as well as generating opportunities. Requires advanced communication skills and knowledge of media relations. Typically requires: Bachelor’s degree in related field, 5 years of management experience in a college or university athletic department; experience in developing and implementing strategies related to external affairs preferred.

468110 Head, Sports Information/ Athletics Communications
Institutional representative to the media for all athletic activities. Manages preparation and dissemination of news releases, articles, videos, WEB updates and other communications about the institutions sports programs, including games and other events. Typically requires: Bachelor’s in journalism, public relations, marketing or related field; 3-5 years of experience in sports journalism.

468120 Head, Men’s Athletics Programs
Directs intercollegiate and intramural athletic programs for men only. Responsible for scheduling and contracting for athletic events, employment and direction of athletic coaches, publicity, ticket sales, and equipment and facilities maintenance. Typically requires: Bachelor’s degree and 5-7 years of management experience in intercollegiate athletics.

468110 Head, Women’s Athletics Programs
Oversees all aspects of women’s athletic programs. Responsibilities typically include budget planning, resource allocation, scheduling and contracting for athletic events, coordination and/or administrative support for coaches of all women’s sports, and provides academic support to all women student-athletes, to include monitoring of academic performance and attendance, tutoring, advising or referring to appropriate resources. In charge of gender equity within the Athletic Department and advises the director on all matters concerning Women’s Athletics. Responsibilities typically include: Bachelor’s degree and 4-7 years of experience in athletic department administration, coaching, counseling or related field.

**Athletic Affairs: Specialty and Assistant Coaches; 499270 - 499810**

- **Sports Statistician**
  Supports coaches’ decision-making by organizing, analyzing, and presenting information. Attends sporting events and records data in real time. Audits and compiles official statistics and prepares reports for media. May be involved in resolution of disputed calls. Analyzes player performance and team strategy. Requires a bachelor’s degree in mathematics, statistical analysis, or computer science.

- **Head Athletics Training Programs**
  Directs the athletic training program for intercollegiate athletics and supervises the training room. Collaborates with coaching staff in developing conditioning, weight training and nutrition programs for athletes. Coordinates medical coverage for athletic events. Supervises Assistant Athletic Trainers/ Physical Therapists in the prevention, care, and rehabilitation of athletic injuries. Determines, with advice from a doctor, when and at what level an athlete can return to participation in a sport. Typically requires: Bachelor’s degree in physical therapy, athletic training or related field; 5 – 8 years of related experience and certification as an athletic trainer.

- **Athletics Trainer/ Physical Therapist**
  Under the general supervision of the Head Athletics Trainer, provides physical therapy and assists in the prevention, care, and rehabilitation of athletic injuries. Provides trainer coverage of athletic activities, organizes orthopedic clinics, advises on prevention and care of athletic injuries, and team-teaches athletic training classes. Supervises student trainers. Typically requires: Bachelor’s degree, preferably in physical therapy or health science, and 1 – 3 years of related experience at the collegiate level. Certification as an athletic trainer desirable.

**Athletic Affairs: Head Coaches; 498260 - 498810**

- **Assistant Coach - Football**
  Coordinates all aspects of team defense, assesses players’ skills and assigns team positions, evaluates own and opposition team capabilities to determine game strategy, and coaches or directs coaches to instruct players in techniques of game. Requires a bachelor’s degree in physical education, recreation, health, or related field or equivalent plus 4-5 years’ experience as an assistant coach or high school head coach. Must have knowledge of NCAA rules and regulations.

- **Assistant Coach - Baseball**
  Responsible for the overall success, performance and management of the strength and conditioning program for all student athletes. Supervises, plans and coordinates the strength and conditioning program for all sports teams on a year-round basis, including developing speed, strength and conditioning schedules, fundamental instruction and all team workouts. Works closely with all head coaches to plan, organize and facilitate the strength and conditioning needs of each team. Maintains proper strength and conditioning equipment and makes recommendations for the purchase of new equipment. Monitors all department weight training facilities for condition and safety of equipment. Typically requires: Bachelor’s degree and 1 – 2 years of experience as a weight/strength coach at the college level. Certified Strength and Conditioning Specialist.

- **Assistant Coach:** Analyzes performance and instructs student athletes in game strategies and techniques to prepare them for athletic competition; observes players while they perform to determine need for individual or team improvement; and coaches players individually or in groups, demonstrating techniques. Requires a bachelor’s degree in physical education, recreation, health, or related field or equivalent plus 4-5 years’ experience with college-level program or as a high school head coach. Must have knowledge of NCAA rules and regulations.

Assistant Coach, Cross Country
Assistant Coach, Track and Field
Assistant Coach, Cross Country/Track & Field
Assistant Coach, Skiing (Alpine & Nordic)
Assistant Coach, Women's Ice Hockey
Assistant Coach, Women's Tennis
Supervises a crew of mechanics and trades employees in the repair, maintenance and daily operations of facilities and equipment. Provides full, direct supervision of employees in managing complex building maintenance, operation and repair activities by providing technical expertise and planning, layout, assignment, scheduling and monitoring of work. May also direct the work of contract service providers. Coordinates procurement of parts, tools and equipment for the work team. Understands and utilizes multiple building control systems and trains staff on building control systems and use of the computerized maintenance management system (CMMS). Five years relevant experience in complex building mechanical maintenance and operations work, including at least two years leading maintenance and operations work. OR Two years technical training in building mechanical maintenance and three years’ experience leading work teams.

Supervises unskilled to highly skilled trades work including but not limited to HVAC, electrical, plumbing, carpentry, masonry, and painting. May also perform skilled trades work. Supervisory tasks range from single trades to the supervision of multiple trades. Positions are generally responsible for hiring, training, disciplining, and conducting performance management and competency assessments for employees. Positions may be required to possess and maintain certification, licensure, educational level, and/or experience criteria as applicable to the tasks being performed or supervised and follow applicable building codes. Must possess journey level knowledge of one or more trades or advanced knowledge in one trade applicable to area supervised. At a minimum, requires a high school degree and two years of experience in the performance of the full range of journeyman level tasks associated with the trade(s) areas related to the position’s role or an equivalent combination of education and experience.

Manages office operations and supervises support staff. Prepares, processes and monitors budgets, project proposals, records and invoices. Researches and compiles information for reports and presentations. Leads meetings addressing specific operational issues and develops recommendations and action plans towards their resolution. Supervises and schedules clerical and secretarial staff, processes employee transactions, and may assist in investigating employee issues/concerns and in determining an appropriate course of action. Oversees ordering of equipment and supplies. Typically requires Associate’s or Bachelor’s degree, three to six years of experience in office administration and one to two years of supervisory experience, as well as experience with various computer software applications.

Safety Professionals and Supervisors of Office/Clerical, Skilled Craft, and Service/Maintenance Personnel; 500000, 700000, 800000 - 808000
Fire Safety/Prevention Supervisor

Under general supervision from a designated administrator, develop, implement and manage fire/life safety inspection and education programs within various areas of the University (including, on-campus, contractor work places, satellite campuses and residential areas). Provide direct supervision to exempt and non-exempt staff (i.e., hiring/fire, performance evaluations, disciplinary action, approve time off, etc.). Characteristic duties include the following: Conduct fire/life safety inspections of University facilities, public assemblies, and satellite campuses to ensure compliance with applicable codes (national, state, local building, fire and life safety codes and standards). Oversees the testing, maintenance, documentation, and inspection of all protection/detection systems for code requirements. Serve as liaison between the University, city, county, and state fire officials (i.e., provide local fire departments with pre-planning information and assist with coordination of emergency responses to University campuses, and tenant activities). Serve as member on various committees (internal and external) and act as departmental consultant; attend pre-construction conferences. At a minimum, requires an Associate’s degree with 3 or more years of experience. Degree should be in Fire Science with experience in Fire/life safety and inspection. Experience must include at least one year of supervisory responsibilities.

Fire Safety/Prevention Professional

Typically, conducts inspections to assure compliance with applicable national, state and local building, fire and life safety codes, and standards. Applies regulations, standards and sound fire prevention practices to detect hazardous operations and conditions, recommends proper first prevention measures to eliminate or minimize the possibility of injury to personnel and damage to property. Conducts fire/life safety education programs. Conducts inspections of fire protection/detection systems to assure code required testing and maintenance is being performed. Reviews building plans and specifications to evaluate fire resistance, means of egress, segregation of hazardous areas and occupancy. Assists with investigations of fires and hazardous condition, analyzing precipitating factors and fire cause data. At a minimum, requires an Associate’s degree in a related field or an equivalent combination of education and experience. Usually requires at least one year of experience in conducting, documenting and reporting fire and life safety inspections. Must have Fire Safety Inspector or Fire Prevention Specialist certification or complete it within a specified period of time.

Client Care Supervisor

Client care staff include patient care assistants (e.g., wheelchair assistants), child care workers, teacher aides, eldercare assistants, and similar. It does not include certified, degreed teaching or nursing professionals, or skilled technical/paraprofessionals.
