

Thank you for your interest in the health sciences programs at Lewis-Clark State College. International applicants to any Lewis-Clark State College Nursing & Health Sciences Program must meet the program requirements (select your program from the tool bar on the left) as well as the College's international student admission requirements. Visit the [International Programs](#) web site for details. Click here to learn more about [Nursing Pathways](#) for international students.

All Nursing & Health Sciences programs have TOEFL requirements for International Students of a minimum of 540/207/76.

We regret that Nursing & Health Sciences advisors cannot provide transcript evaluations prior to your application to the College. Some companies, such as Commission on Graduates of Foreign Nursing Schools (<http://www.cgfn.org/>) provide evaluation services.
