LEWIS-CLARK STATE COLLEGE STUDENT HOUSING

# WELCOME TO RESIDENCE LIFE AT LCSC

LCSC offers you the opportunity to explore several options for housing. The residence halls vary in size from 29-117 residents, which gives students the ability to choose a setting that best suits their needs and interests. The residence halls are staffed with professional and paraprofessional staff. Residence Life staff receive extensive training, which helps develop the skills needed to respond to emergency situations, build welcoming communities, and provide programming that meets students' needs.

Living on campus enriches the college student experience. Students who live on campus typically find their college years more satisfying, are less likely to drop out, and often perform better academically than off-campus students. Residents in the halls interact with other students and develop interpersonal skills. Students will find themselves with friends from all over the U.S. and the World.

The Residence Life website includes information on how to apply, the Terms & Conditions of living in the halls, room & board information, as well as many other informative sections: Campus Life, Student Resources, Staff Information, Parent & Family Newsletters, and Resident Newsletters. Please refer to: [www.lcsc.edu/reslife](http://www.lcsc.edu/reslife) for details.
