President

p.s. A shout-out of thanks to those who helped organize (HR) and participated in the Employee Benefits & Resources Fair. The event was a terrific success and did an excellent job showcasing not only our LC State benefits but also ways to connect with our community partners. Well done, Warriors!

The session will help ensure trips run smoothly and remain compliant with college policies.

KinderCollege:

KinderCollege’s Book Drive invites you to pay it forward and donate a gently used/new children’s book between Nov. 4-Dec. 18. For the last three years, every KinderCollege student has been able to pick out a book to take home for holiday break. Drop off your donation at KinderCollege. For questions, contact [Abby](#).

LC Cares:

LC Cares is seeking nominations for families in need of a little extra holiday cheer. If you know an LC student, faculty, or staff member who could benefit from a toy donation this holiday season, please [submit](#) a nomination by Nov. 21. LC Cares aims to select four families to provide with toys and gift cards this holiday season.

Mascot Task Force:

As an update to President Pemberton's Oct. 6 Monday Message, a task force has been formed from those who volunteered and meetings will begin this month. The group is co-chaired by Logan Fowler, chief communications and marketing/state and local affairs officer, and Kyle Schwartz, executive assistant to the president. The group is tasked with conducting a thorough vetting of possibilities and to bring forward recommendations for broader consideration.

Network Outage Dec. 20-21:

IT needs to perform maintenance that will require a full network outage. This means the following. For a complete list of all systems affected, visit the [Intranet](#). Our Enterprise Applications team will be reaching out to the affected offices regarding processes that run during this outage timeframe to discuss plans.

- No internet on campus (wired and wireless)
- No access to shared drives (and no ability to VPN in to shared drives)
- No access to Colleague and WarriorWeb
- Things like the LC State webpage will remain accessible because it is 'hosted' online and not hosted on campus.

Purchasing Update:

Federal changes now require all imported goods, regardless of value, to pay tariffs based on their country of origin. These changes may impact purchases from foreign vendors and certain P-Card transactions. These changes do not apply to purchases shipped solely within the U.S. For details, see the Tariff Update memo on the [Purchasing](#) website or contact by [email](#).

RRF/UAR Processes:

As LC State kicks off the FY27 budget cycle, here is important information and guidelines for the **Resource Request Form (RRF) process**. This annual review enables each division/department to assess its budget within the context of this year's constraints and to identify both potential challenges and opportunities for one-time funding requests. All divisions/departments complete this process and submit their RRF to their next-level supervisor. If you're unfamiliar with the process, please reach out to your supervisor for further details.

- **Key Highlights:**
 - **Budget Planning:** The State of Idaho Division of Financial Management, in its Sept. 17 memo, required state agencies to submit ongoing 3% reduction plans to the state. The university has also submitted, per request, plans for potential 2%, 4%, and 6% budget reduction scenarios. Units are not required to submit any additional scenario planning to the Budget Office for this year's RRF process.
 - **One-Time Requests:** There may be limited opportunities for one-time funding requests aligned with the Presidential Priorities: renaming the institution to "Lewis-Clark State University," growing and retaining student enrollment, and automation and integration. Requests should include measurable outcomes, such as anticipated enrollment growth or self-sustainability within two years.
 - **Technology & Physical Plant Requests:** Technology needs must align with the Presidential Priorities and be reviewed by IT, and Physical Plant (PP)-related requests must be reviewed by PP prior to submittal. Technology requests need to be submitted to IT for their review by Nov. 17. Physical Plant requests should be vetted ahead of Nov. 17. Precise estimates for requested work may not be available for several weeks, depending on the project/request.

- Administrative Fees: The templates provided on the Teams Site includes a tab for requesting changes to administrative fees that do not require State Board of Education approval.
- **Important Deadline & Information:**
 - RRFs must be submitted to your supervisor by **Dec. 5, 2025**.
 - The RRF form, full timeline and details, and last year's submittals and awards are available in the UAR/RRF (Program Assess, Plan, RRF) Teams Site under the [files](#) tab. Please download the template(s) to your local drive then upload your copy once completed.
 - Functional Area Committees (FACs) chaired by the area Vice Presidents or designee(s) will review Resource Request Forms (RRF) between January-February to discuss and prioritize items. Emergent priorities will be presented to the President's Executive Cabinet between February-March.
- **Unit Assessment Reports (UAR) process:**
 - Please consult with your division leadership to determine if a UAR is required for your department this cycle.
 - **All resource requests must be tied to program assessment** (i.e., measurable program outcomes and self-sustainability), the college's Mission and Strategic Plan as well as the Presidential Priorities as listed on the RRF.
