Yes

NO

On State Contract or Jaggaer Punchout?

If the good or service is available on a statewide contract or through a Jaggaer Punchout, you must utilize that contract. If there are multiple vendors, select the vendor with the best price, delivery or quality. Exemptions may be approved. See the Exemption from Utilizing State Contract Request Form on the Purchasing website.

Does an exemption apply?

Educational discount; Professional, Consultant & IT Services; Advertising; Ongoing maintenance for software or IT solutions, etc. See 4.111 Purchasing Policy for full list. Check with Purchasing for request and approval requirements. When spending sponsored funds, purchasing requirements may be more stringent. Consult with the Office of Grants & Contracts.

What is the anticipated total dollar value of the procurement (including any optional renewals)?

Under \$10,000

Solicitations not required; Departments are encouraged to obtain quotes and use good judgement. Use statewide contracts or Jaggaer Punchout unless an exemption applies.
