Summary of Major Changes incorporated in this revision to the policy: Policy is expanded to include all forms of Prior Learning by which students may earn credit, rather than just Portfolio. Policy defines which forms of PLA count towards credit limitations. Prior Learning Assessment (PLA) replaces Prior Experiential Learning (PEL) to align with state policy. Procedural details related to Portfolio submission are deleted from policy.

Policy:

Students may earn college credit for specific learning that they have achieved through life and work experiences by successful completion of one or more of the forms of Prior Learning listed below. Scores for standardized exams have been established to ensure that student's prior learning is equivalent to the learning outcomes of courses. Faculty with expertise in course subject areas assess Challenge Exams or Portfolios and award credit, where merited, for college-level learning, characterized by a balance of theory and practice, derived from experience. Credit is only awarded for learning and not for experience.

**1. Forms Of Prior Learning Assessment (PLA) Counted Toward 25% Credit Limit
(See 4. Limitations)**

- A. Faculty Developed Course Specific Portfolio Assessments.
- B. Other forms of PLA based on experiential learning: students may earn credit for Prior Learning through additional assessments not listed above, on a case-by-case basis, subject to Division Chair approval.
