**Associate of Applied Science to Bachelor of Applied Science Degree Articulation Agreement**

The College of Eastern Idaho (CEI) and Lewis-Clark State College (LCSC) enter into this articulation agreement to facilitate the transfer of the College of Eastern Idaho's Associate of Applied Science (AAS) degrees to Lewis-Clark State College. Under the provisions of this agreement, CEI students may be granted admission to LCSC, with third year (junior) standing, in either the Bachelor of Applied Science (BAS) or Bachelor of Applied Science in Applied Technology (BASAT) degree programs, depending upon the particular AAS degree being transferred.

Purpose

The purpose of this agreement is to articulate the College of Eastern Idaho Associate of Applied Science.

Upon completion of the AAS degree at the College of Eastern Idaho, academic credit/courses taken at College of Eastern Idaho will be transferred to Lewis-Clark State College under the following conditions/restrictions:

- The student may not be core certified and, therefore, may be required to meet his/her core requirements at LCSC.
- Up to fifty (50) technical credits from CEI may be applied toward the Bachelor of Applied Science (BAS) at LCSC in like programs or the Bachelor of Applied Science in Applied Technology (BASAT) in other programs.

For the purposes of this agreement, the student may select any edition of the Lewis-Clark State College catalog, provided that the catalog was published and was in force while the student was enrolled at Lewis-Clark State College and/or the College of Eastern Idaho, and provided that the catalog is no older than six (6) academic years at the time of graduation from Lewis-Clark State College.

## Process

- College of Eastern Idaho will provide current AAS degree requirements to Lewis-Clark State College and notify LCSC of any degree requirement changes that occur.
- College of Eastern Idaho will provide advisement to College of Eastern Idaho students with Lewis-Clark State College available for questions and assistance related to transfer issues along with periodic training opportunities for College of Eastern Idaho advisors. Pre-transfer advising will be conducted using either official or unofficial transcripts sent to LCSC by the student.
- Lewis-Clark State College will notify College of Eastern Idaho of any degree requirement changes that occur.
- Lewis-Clark State College will provide College of Eastern Idaho advisors and students with specific department/major pre-professional course requirements including course equivalency worksheets along with other, if applicable, department/major specific requirements.

## Conditions

- Students must submit an official application to Lewis-Clark State College and provide LC with documentation (transcripts) proving successful completion of the AAS degree at College of Eastern Idaho.
- Non completion of the College of Eastern Idaho AAS degree program will void the provisions of this agreement.
- Completion of the AAS degree provides a guaranteed transfer of credit to the college but does not guarantee completion of all lower division degree requirements.
- If specific prerequisites have not been met at College of Eastern Idaho, those prerequisites will need to be met prior to being accepted into the program/major.
- Attendance at another institution after completion of their College of Eastern Idaho degree and prior to start at Lewis-Clark State College will void the provisions of this agreement but will not preclude CEI students from transferring to LCSC.
- A minimum of 40 credits must be at the upper division level and the final 32 credits earned prior to graduation must be completed at Lewis-Clark State College. No tuition will be assessed for articulated credit.

## Renewal, Revision, Termination

This agreement is effective as of January 1, 2019, and will be reviewed for renewal every three (3) years. Either CEI or LCSC upon written notice to the other institution may request revision of this agreement. Either institution, at any time during its term, may terminate the agreement for reasons of noncompliance via written notice to the other institution. Termination notice shall not be given less than 60 days prior to the end of the current term of the agreement.
