

Transfer Articulation Agreement

between

**LEWIS-CLARK STATE COLLEGE**

500 8<sup>th</sup> Avenue, Lewiston, ID 83501

Paramedic Program

and

**College of Western Idaho**

550 East Opportunity Drive, Nampa, ID 83687

Paramedic Program

Statement of Purpose

This agreement establishes a framework for collaboration between our two institutions in the study of the Paramedic Program. This Agreement will facilitate the transition of College of Western Idaho (CWI) students who have completed the paramedic educational foundation into the Lewis-Clark State College (LCSC) Paramedic Program.

General Provisions

- The program detailed in this Memorandum of Agreement (“Agreement”) will begin upon signing by both parties and is subject to review whenever either party makes curricular changes that impact this program, or modifies admission criteria. Any agreed changes to the program must be expressed in writing and signed by both parties.
- The initial term of this Agreement shall be for five (5) years from the date of the last signature. The parties agree to review the Agreement for revision and renewal during the fifth year of the Agreement or when program changes occur.
- Either party may terminate the Agreement with three (3) months’ advance notice in writing. In the event the Agreement is terminated, students already in the program will be allowed to finish their course of study.
- Courses at either institution may be offered in a variety of formats, including face-to-face, online, distance or hybrid delivery.
- Students not accepted into the program detailed in this Agreement will work with a Lewis-Clark State College representative to create a plan for completion of a degree at LCSC.
- Students must meet residency requirements as established by Lewis-Clark State College.

- Students are responsible to pay all tuition and fees to the institution they are attending, including special course or program fees, associated with the program of study.

It is understood that the CWI Paramedic Program does not award credit, but students will be prepared to enroll at LCSC with the following:

- Students have completed the Paramedic Educational Foundation;
- Students have passed the National Registry of Emergency Medical Technicians (NREMT) certification.

Based on these qualifying criteria, CWI students will apply to LCSC and, once admitted, will be enrolled into the Paramedic AAS Program. LCSC will apply 43 credits toward the Paramedic AAS degree at the current published transcription fee at the time the student transfers.

In addition to the 43 transcribed credits that students transfer to LCSC, they will be required to take an additional 19 credits to complete the requirements of the 62-credit degree (the majority of these 19 credits are general education core courses). Of the 19 credits, 16 are required to be taken at LCSC to meet its residency requirement. If courses are transferred from another institution (e.g., CWI), the student must still fulfill LCSC's 16-credit residency requirement. These 16 credits may be taken as extra coursework (electives) or as co-op/internship credits. On satisfactory completion of 62 credits and these requirements, LCSC will grant the student a Paramedic AAS.

Students participating in this Agreement are subject to Lewis-Clark State College admission criteria and any other institutional requirements for this program. This Agreement does not guarantee admission to Lewis-Clark State College or a specific degree program.

### Resources

Each institution will identify a staff/point of contact to support this collaboration, including advising and identification of potential students for the program.

Assumptions

Neither institution will be responsible for any conditions or situations outside their control. Circumstances may arise that cause this Agreement, or certain sections hereof, to become inoperative. These circumstances may include, but are not limited to, changes in state law, changes in governing board policy, changes in accreditation policy, changes in programs or other changes taking place at either institution. In the event that one or more sections of this Agreement become inoperative or invalid, the remainder of the Agreement shall not be affected.
