Summary of Major Changes incorporated in this revision to the policy:
Removal of specific processes that are better documented in a procedure, option of part-time enrollment, and reduction in the number of credits required before a student is eligible to study away.

LCSC encourages students to study away for their academic, professional and personal development and enrichment.

1. Programs. LCSC offers the following approved Study away options to Lewis-Clark State College (LCSC) students. Full-time or part-time enrollment is dependent on the specific program requirements. Any study away outside of the options below will result in a determination by LCSC that the student is no longer an active LCSC student and ineligible for support and services due to lack of enrollment.

   A. Exchange Partner School Relationships /National Student Exchange: LCSC students can pursue a summer, semester or year abroad at specific post-secondary institutions with which LCSC has a memorandum of agreement. Grades earned from these institutions are transcripted as LCSC grades and the courses are recorded on the transcript with the name of the host institution. These students are registered at LCSC for the duration of the exchange, pay LCSC tuition, and may be eligible for federal financial aid and LCSC scholarships.

   B. Non-exchange Partner Universities: LCSC partners with institutions outside of the traditional reciprocal exchange model. LCSC and the partner accept each other’s students and charge a discounted tuition rate. Credits earned through LCSC approved non-exchange partners are transcripted as LCSC grades and the courses are recorded on the transcript with the name of the host institution. These students are registered at LCSC for the duration of the term abroad, and may be eligible to apply for federal financial aid. Students do not pay LCSC tuition during the term away, and they are personally responsible for all costs and fees associated with the program.

   C. Faculty-Led Study Away (FSA): Periodically, academic departments may arrange for groups of LCSC students to experience/study international culture and earn college credit through institutional, faculty-led programs overseas. Acceptance into these programs is at the discretion of

the faculty/department offering the program, as are credits/grades received. As these students will be registered at LCSC for this/these credit(s), these students may be eligible for financial aid.

D. Third-Party Program Providers: LCSC contracts with study abroad providers to be the official LCSC study away providers for qualified students. Approved programs are listed at http://www.lcsc.edu/international/study-away/. LCSC reviews its list of approved programs annually and has selected to work with the partners and programs based on a number of factors including cost to students, risk management, academic offerings, and LCSC international strategy considerations. Credits earned through LCSC approved third-party providers are transcripted as LCSC grades and the courses are recorded on the transcript with the name of the host institution. These students are registered at LCSC for the duration of the term abroad, and may be eligible to apply for federal financial aid. Students do not pay LCSC tuition during the term away, and they are personally responsible for all costs and fees associated with the program.

2. Eligibility. Students must fulfill the following criteria in order to be eligible.

A. Students must be fully admitted to LCSC with degree-seeking status.

B. Students must be registered full-time in the fall or spring semester before the term abroad.

C. Students must have sophomore standing (transfer credit is applicable).

D. Students must have a current (at time of application and term abroad) cumulative GPA of 2.75 or greater.
