Holly Daugherty, Coordinator of Student Involvement

Cindy Patterson introduced speaker Holly Daugherty, Coordinator of Student Involvement. Holly came to talk to PSO about Student Involvement, the importance of Student Involvement, and what role PSO can play in it.

PSO attendees viewed the Student Activities Website. One major change: Brandon L. Lytle is Coordinator of Intramurals and Campus Recreation. Holly is the Coordinator of Student Involvement.

App – DoMore App. From a company called Presence. Website: <https://www.presence.io/> Allows students to capture their involvement opportunities they are completing on campus. This app permits a co-curricular transfer to develop in the background. Putting purpose behind what the students are doing.

Question about Facebook presence? Warrior Entertainment has a presence.

All fit under the umbrella for Center for Student Leadership.

Dawn – if staff wanted to be involved in advising a group how would they do that? 4 founding members. They come to a staff or faculty member. Sometimes faculty seek out students to advise.

Kati – is it just students who access to the DoMore app? Holly is adding faculty/staff individually.
