BE HEALTHY

Blue Cross of Idaho offers a "Condition Management" program!

The goal of Blue Cross of Idaho's **Condition Management Program** is to empower members and/or caregivers (following HIPAA regulations as a health plan), in concert with their physicians and other care providers, to effectively manage disease and prevent complications through adherence to

medication regimens, regular monitoring of applicable labs/vital signs, a healthy diet, exercise, and other lifestyle choices.

The program offers support to members and dependents who are managing an acute or complex illness or are at risk for or have a chronic condition such as:

- diabetes
- asthma
- chronic obstructive pulmonary disease (COPD)
- coronary artery disease or
- heart failure

**January 2020
W.O.W Award
Winner:**

Kim Tuschhoff

In the past few months, Kim has gone above and beyond to help students through the spring registration process make sure lists of admitted freshmen are current and provided excellent customer service to students, faculty, and staff. Kim's performance is always exceptional, but due to staff absences and telecommuting she has taken on more than her share of the workload in The Advising Center. I for one truly appreciate her efforts and willingness to make sure tasks are completed with a smile and grace. She is a fantastic colleague and I am honored to work with her.

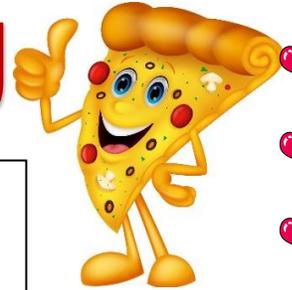

Thanks, Kim!
