BACT250	BIOL250	Microbiology for Health Sciences
BIOL175 or 227	BIOL175 or 227***	Human Biology or Anatomy & Physiology I

* If you did not take ENGL101 because you tested out through ACT or SAT scores, you are encouraged to complete either ENGL101 or ENGL102 for a letter grade in order to receive additional points on your application.

** HLTH253 does not need to be completed in order to apply, but can be completed to earn additional points on the application. PHAR150 may be completed online through NIC to earn additional points.

*** Future applications beyond January 2023 admission will require BIOL227.

NOTE: Applicants must earn a “C” or higher in all courses listed above (HLTH253 and PHAR150 require a B or higher); however applicants must earn a “C+” or higher to earn application points. Courses taken at colleges or universities other than LCSC or NIC must be verified for equivalency. Many course equivalencies can be found through the NIC transfer guide. Contact a program advisor for further information.
