

We are coming to visit nursing students on Thursday Feb. 24th!

*Someone wins a stethoscope! (be present to win)

HOW TO APPLY:

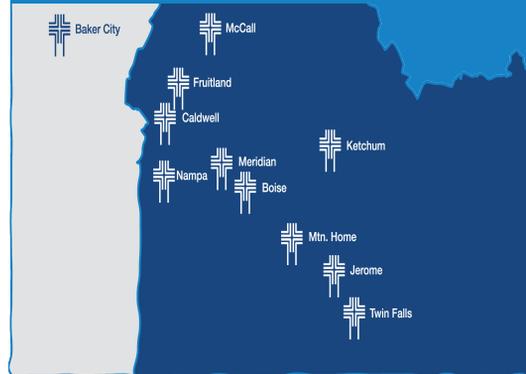

1. Find our postings on our Career Page: (stlukesonline.org/careers), select "Nursing-Graduates/Apprentices" in the drop down menu
2. STAR Nurse Residency is a general posting based on location and education that is offered to nurses with less than 12 months of RN experience.
3. Create a profile and upload your resume.

STAR Nurse Residency Program positions open now!

Our well-known STAR Nurse Residency Program (*Supporting Transitions and Relationships*) supports nurses as they transition from the academic setting to functioning as independent, competent nurses during this year-long curriculum.

Through an evidence-based, interactive, year-long program, nurse residents gain knowledge, practice skills, and develop relationships with their peers that help to smooth the transition of the first year.

Reflective - Practice guest speakers - Case studies - Simulations - Group activities - Communicative - Collaboration - Critical thinking - Stress/Time management - Resource utilization - Delegation - Self-care
