Complete all required/elective coursework for the AAS degree at the College of Western Idaho (63 credits minimum).

- This advising guide is based on completion of an Associate's degree (AAS) in Software Development at the College of Western Idaho with additions made to meet lower division requirements.
- Students who transfer without being core complete may need to take additional LCSC General Education core courses.
- 32 Residency (LCSC) credits required for graduation/36 must be upper division.
- The "X" in the LCSC column indicates the class was likely transferred if student chose CWI elective.
- Internship courses (CITPT 394 and 494) can be taken twice each from 1 to 6 credits. Only 3 credits of CITPT 494 are required to graduate.

At CWI a minimum grade of "C-" is required for Gen Ed courses and a minimum 2.0 GPA is required to qualify for Associate's Degree.
