

# navigating your **first** YEAR

at LC State

2026-2027

# Welcome!

Welcome to LC State! Now that you have been admitted to the college, it is time to enter into the next phase – your first year. New students often find themselves overwhelmed because there is a lot to learn during the first year of college. We have created this guide to help you navigate through your first year experience.

***Navigating Your First Year*** was developed as a reference guide for you to use throughout the next year. However, this publication really serves as just a start; there is a great deal of additional knowledge to be gained by using resources such as your online college catalog, WarriorWeb, and sequential plans. Establishing relationships with people on the LC State campus including your advisor, faculty mentor, peer mentor, instructors, staff, fellow students, and many others will also enhance your first year experience.

The Advising Center is here to assist you in your college pursuits. If you have questions or need assistance as you begin college, please contact us – we can help. We are located in Reid Centennial Hall (RCH), Room 208, 208-792-2313, or online at [www.lcsc.edu/advising](http://www.lcsc.edu/advising).

For more information, please visit the Student Consumer Information page at <http://www.lcsc.edu/consumer-information/>.

## TIPS FOR ACADEMIC SUCCESS

**Go to class**—go to every class session, even if your instructor does not take attendance. This is the *essential* key to succeeding. Sit near the front of the room or near the instructor.

**Check your WarriorMail daily**—it is the primary official form of electronic communication for the college.

**Read the syllabus**—know the following for each class: due dates, expectations, objectives, and instructor contact information.

**Plan your study time accordingly**—usually 2-3 study hours for each hour of class per week.

**Know your program**—review the catalog and develop a program plan. Be very familiar with your major requirements.

**Keep in contact with Financial Aid**—especially if your schedule or circumstances change.

**Ask questions**—don't be shy! Chances are if you don't understand something, there are others in your class who don't understand and also have questions.

**Talk to your instructor**—ask about expectations, details on the syllabus, or questions on course content. Ask how you are doing or how you can do better.

**Talk to your advisor**—tap into this great resource for help with problems, possible alternatives, identifying services, and assistance in making decisions. Find out the name of your advisor on WarriorWeb. Meet with your advisor throughout the semester.

**Practice time management**—by learning to use a planner. Schedule every class into your planner, as well as time to study. Also make a note of all important dates from each syllabus. *Refer to it often!*

**Don't ignore problems**—they seldom go away on their own and can usually be solved easier the sooner they are addressed. Seek help if you need it (*see page 15 for a list of helpful resources*).

## CANVAS

LC State offers several options for course delivery using the online learning management system (LMS), Canvas. All coursework for fully online classes, designated WEB in WarriorWeb, is accessed and submitted through the LMS. Hybrid courses are a combination of classroom and online instruction. Hybrid classes, designated HYB in WarriorWeb, can have up to 70% of the coursework posted in the LMS. Additionally, all face-to-face (LEC) classes use the LMS to deliver the course syllabus and instructor office hours.

Log into WarriorHub to access Canvas.

Students must own, or have consistent access to, a PC or Mac laptop or desktop computer to successfully complete coursework in Canvas at LC State. Chromebooks, tablets, cell phones, and similar mobile devices do not have the necessary operating systems to fully support Canvas or the programs used within it. Using an unsupported device will cause some features in Canvas to malfunction, making it difficult or impossible for students to complete assignments, discussions, or exams in the LMS.

# BEFORE SECOND SEMESTER

For your first semester, you were shown how to register. Now is the time to do it yourself.

## THINGS TO DO

- \_\_\_ Schedule an appointment with your advisor before midterm.
- \_\_\_ Plan and schedule your courses for the upcoming semester.
- \_\_\_ Meet with your advisor and discuss your course plan for next semester.
- \_\_\_ Your advisor must release you to register each semester.

## ADVISING RESPONSIBILITIES

### Your advisor is responsible for:

- Helping you clarify educational values and goals.
- Providing accurate information about educational options, academic and graduation requirements, institutional policies and procedures, and available campus resources.
- Helping you plan and monitor your degree program consistent with your interests and abilities.
- Assisting with career exploration or referring you to The Advising Center for this purpose.
- Maintaining confidentiality.
- Developing a collaborative relationship with you.
- Fostering your decision-making skills and self-reliance.

### You are responsible for:

- Knowing who your advisor is and how to contact him/her, and meeting with your advisor to foster a collaborative relationship.
- Making informed decisions by asking questions and familiarizing yourself with core requirements, program requirements, and graduation requirements.
- Asking for help if you have issues or concerns.
- Accepting responsibility for the decisions you make.
- Scheduling advising appointments prior to registration or other deadlines and being prepared for the advising appointment.
- Consulting with your advisor if you are considering altering your outlined study plan, changing major, transferring to another institution, or withdrawing from the college.

# BEGINNING OF SECOND SEMESTER

## THINGS TO DO

- Buy your books before classes begin.
- Pick up your residual check (if applicable).
- Note all the important dates and deadlines in your planner (refer to your syllabi and the dates on page 14).
- Review tips for academic success (on page 13).
- Fill out and submit your FAFSA and scholarship applications before March 1 (we call this “meeting Priority Deadline”).

### **GPA**

*Grade point average. This is the average of your grades. Keep it above 2.0 (that is a C) to qualify for financial aid, stay in good academic standing, and graduate.*

### **Hold**

*A hold on your student account will keep you from registering. A hold means that you need to take care of a debt to a campus office or take care of a task that is required of you.*

### **Incomplete**

*Instead of a grade, you may receive an Incomplete for a class that has coursework you didn't finish. Work with your instructor to make sure you finish it by the new due date.*

## TERMS TO KNOW

### **Pass/Fail**

*Some classes are graded with a letter grade of P or F. Some classes allow you to register using this grading system. 'P' grades do not calculate into your GPA, but 'F' grades do.*

### **Petition**

*You can file a petition with the college to ask for an exception to a college policy, such as dropping a class after the deadline has passed.*

### **Advisement Complete**

*Your advisor will release you for registration after meeting with you about your schedule each semester. You cannot register for classes without a release.*

# MIDDLE OF SECOND SEMESTER

## THINGS TO DO

- Meet with your advisor to plan next semester (*review p.16*) and make sure you are on track with your degree.
- Check mid-term grades on WarriorWeb.
- Make sure you know what the last date is to drop a class (with a "W").
- Register for 3rd semester classes.
- Start looking for summer internships or jobs. Go to career fairs (ask the Office of Student Employment for more information).

- Mark beginning of 3rd semester classes on your calendar.
- Check WarriorMail and WarriorWeb (often during break) for important messages.
- Before 3rd semester begins, buy a new parking permit (if this is a fall semester), and buy your books.

## CROSSROADS

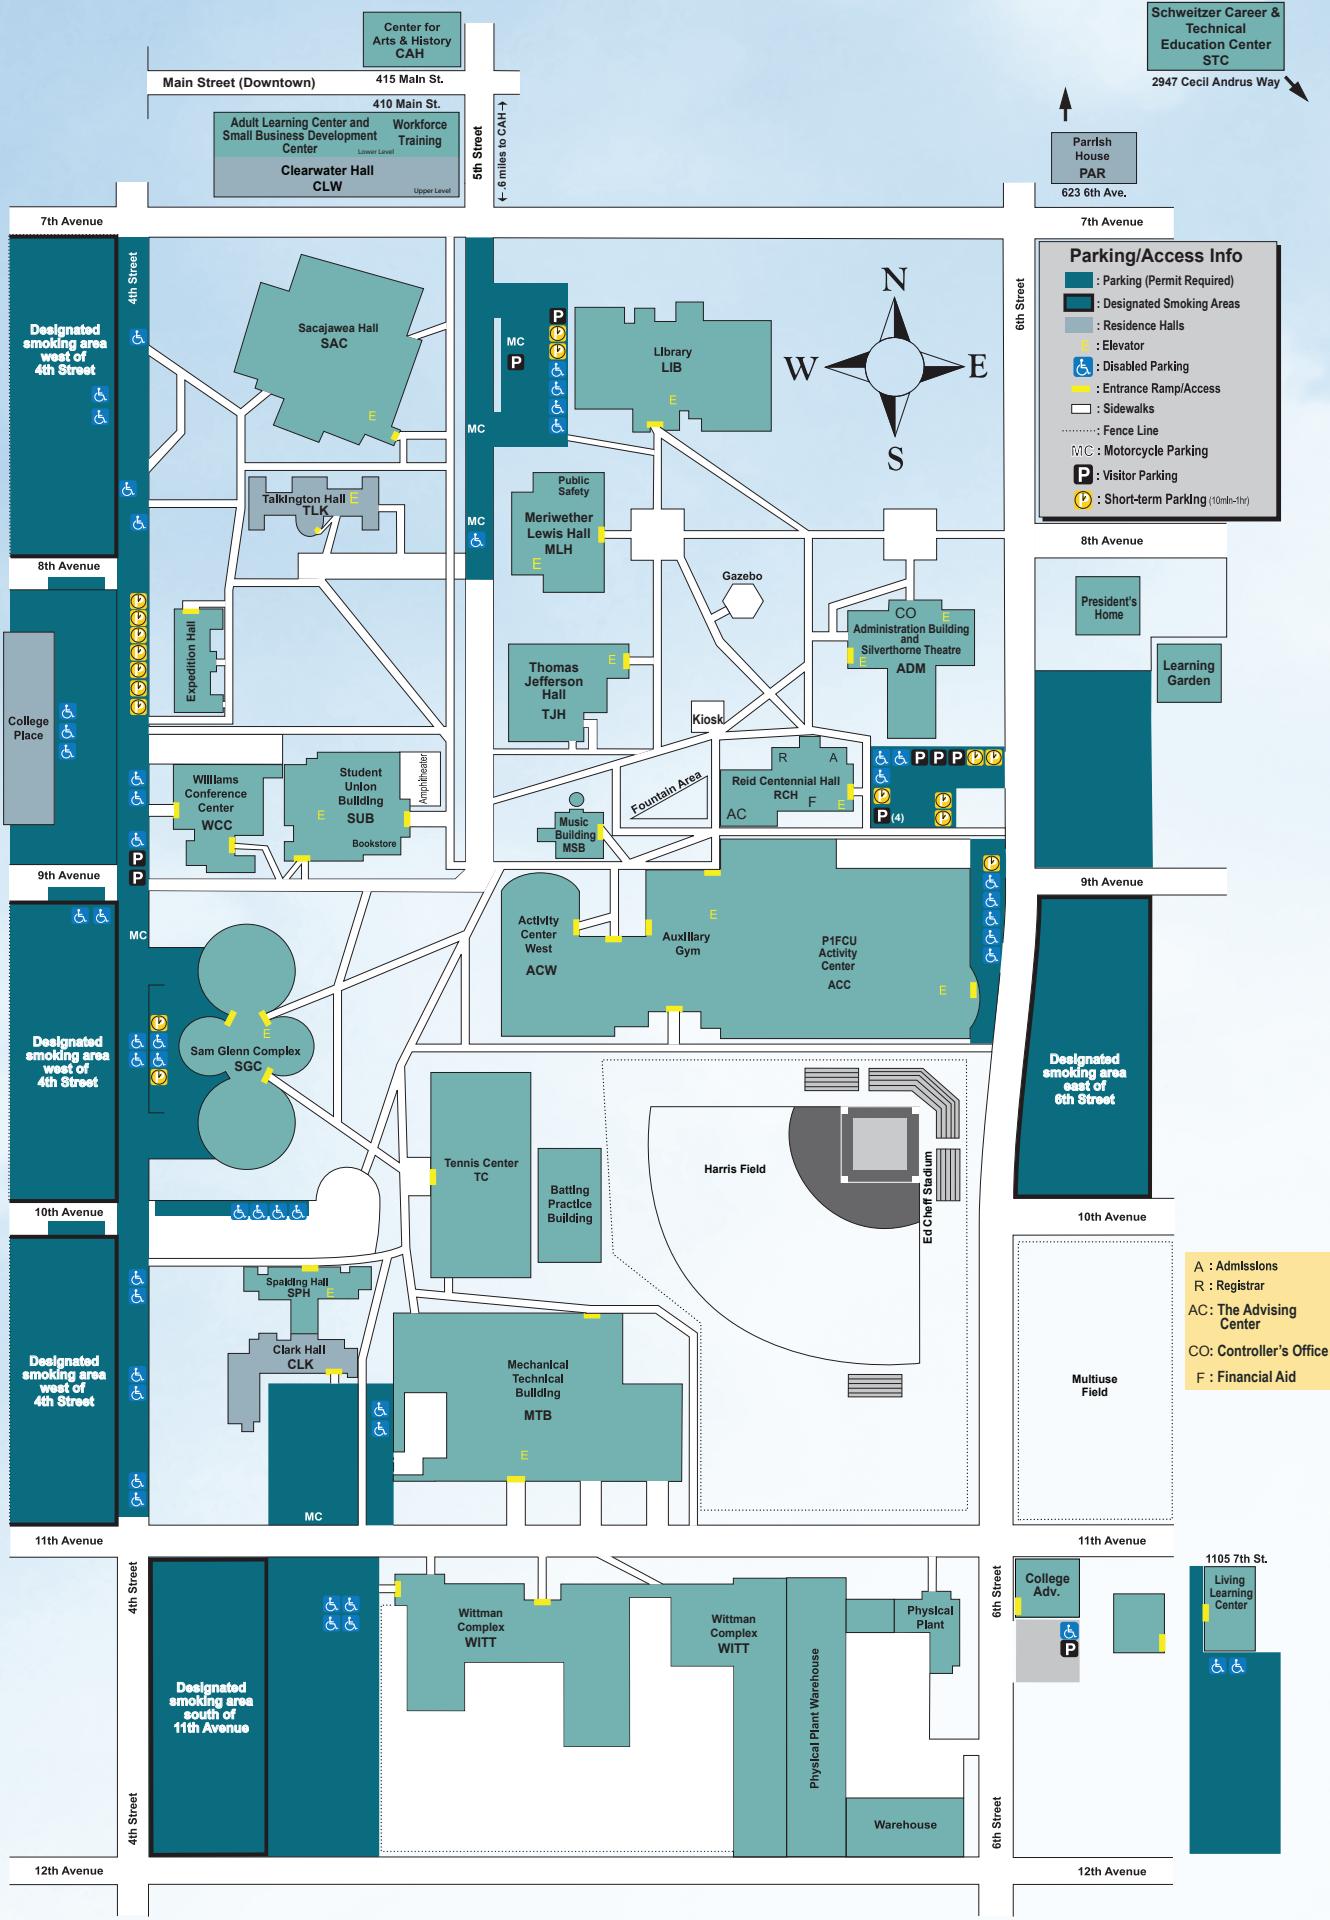

*(Getting the most out of your college experience)*

- Do some career exploration in your chosen major (The Advising Center can help!).
- If undeclared, it's advisable that you declare a major before completing 32 credits. The Advising Center can help you explore your options.
- You are more marketable if you gain experience in your field before graduating. Get an internship! Advisors and faculty mentors can help you identify great internship opportunities!
- Make friends, enjoy yourself. Stop by and "Like" one of LC State's Facebook pages or on Instagram!
- Start your resume. Ask the Student Employment & Career Readiness Center for assistance.
- Start a study group with other students. Study groups can consist of classmates, students in your major, living group, or others with common academic interests.
- Part-time and full-time jobs are another way to build your resume. See the Student Employment & Career Readiness Center and ask about "Job Match".
- Attend athletic or extracurricular events – it's a great way to meet other students and get connected. Most are free!
- Stay healthy! Exercise, eat and drink wisely, and get enough sleep.

- Get involved. Join clubs for fun and great experiences. [www.lcsc.edu/student-involvement](http://www.lcsc.edu/student-involvement).
- Use the free (or nearly free) resources available to you as a student: health services, career advising, counseling, weight room, library, computer labs, tutoring, etc.
