Other Student Handbooks

In addition to those outlined in this official Student Handbook, some departments or divisions have policies specific to their programs. These policies may be included in additional handbooks and are available on the department or division websites. The handbooks will contain information pertaining to a major/program or division requirements. Students should check with their instructional division or their advisor to determine if there is a specific handbook enforced in their major.

These policies are subject to change at the discretion of Lewis-Clark State College (LC State). Any new or updated policies supersede previous policies. Updates can be found at lsc.edu. This handbook does not create a contract between students and the college.

Dear Student:

Welcome to the 2026-27 Academic Year at Lewis-Clark State College!

An important strategy for success in college is being familiar with key campus resources and using those resources whenever they are needed. It is also imperative that students understand their rights and responsibilities. This Student Handbook is intended to be a living document that reflects the college's most current policies and procedures as well as its current menu of resources and services made available to students. The current version of this handbook may be found at lsc.edu/student-affairs/student-code-of-conduct/student-resources-faq.

Please consider this one of your important campus resources, but know that you are always encouraged to reach out to your academic advisor or any other member of the campus community when you need assistance. Your success is our success!

ACADEMICS

Adding/Dropping Classes

208-792-2223

lcsc.edu/registrar/student-information/register-for-classes

Adding Classes

- Students should submit an Add/Drop Form to the Registrar & Records Office (RCH 108) or send an email to registrar@lcsc.edu from their WarriorMail account.
- Fifth Day: The last day to register/add online without signatures is by 5 p.m. on the fifth day of the semester (not including weekends or holidays). Signatures are required after this deadline.

Dropping Classes

- Students should submit an Add/Drop Form to the Registrar & Records Office (RCH 108) or send an email to registrar@lcsc.edu from their WarriorMail account. The form is available at lcsc.edu/registrar/student-information/student-resources or in Reid Centennial Hall 108.
- Before 5 p.m. on the 10th day of the term, students may drop classes without receiving a “W” grade on their transcript. A grade of “W” will be noted on the transcript after this deadline.
- Students cannot drop all classes using an Add/Drop form. This is referred to as a total withdrawal and requires the completion of the “Withdraw from a Term” form, which may be found on WarriorWeb during the withdrawal period (from the start of the semester to approximately one month prior to the end of semester)
- Thursday before Priority Registration of every semester: Last day to drop a course or withdraw from the semester with “W” grades. Students must submit a petition to drop/withdraw after this day. The Petition Form may be found under Make Changes to Your Record section of Student Resources on the Registrar & Records webpage - lcsc.edu/registrar/student-information/student-resources.

Visit the online instructional calendar at lcsc.edu/registrar/academic-instructional-calendars for more detailed information.

Advising

208-792-2313

lcsc.edu/advising

Reid Centennial Hall 208

At Lewis-Clark State College (LC State), educational advising is viewed as the foundation for a successful academic program. First-time academic freshmen and transfer or returning students with less than 14 credits will initially be advised through The Advising Center. Students should visit with their advisor to discuss career and/or academic planning questions. Students will be contacted routinely by their advisors to discuss their academic progress.

Attendance

lcsc.edu/policies

LC State does not enforce a global attendance policy for all students. Individual faculty members may limit the number of absences a student is granted in a given class in order to receive a passing grade. Students who receive federal financial aid must demonstrate proof that they are actively pursuing their schedule of courses. Faculty members take attendance (or engage students in a meaningful online academic exercise) during the first two weeks of classes and submit attendance/participation data as a means of showing proof of pursuit. Students requiring leave from courses should contact their instructors and advisors.

Military and firefighters who are called into service during the academic year should refer to policy 5.302 for the necessary guidelines. The policy is found at lcsc.edu/policies.

Student athletes and students involved in extracurricular school activities should refer to policy 5.314 for the necessary guidelines. The policy can be found at lcsc.edu/policies.

Artificial Intelligence (AI) Usage

As technologies evolve, students can expect that different faculty will have different rules and expectations regarding the use of Artificial Intelligence (AI) in their courses. As a student, you are encouraged to seek from each instructor clarification regarding the expectations for AI usage in each class. Communication about AI expectations may take the form of syllabus statements, written language in assignments, and discussions.

Below are model statements that represent different approaches an instructor may choose:

- Prohibited - “In this course, every element of class assignments must be fully prepared by the student. The use of generative AI tools for any part of your work will be treated as plagiarism. If you have questions, please contact me.”
- Situational - “It is a violation of the Students Code of Conduct to misrepresent work that you submit or exchange with your instructor by characterizing it as your own, such as submitting responses to assignments that do not acknowledge the use of generative AI tools. Please feel free to reach out to me with any questions you may have about the use of generative AI tools before submitting any content that has been substantially informed by these tools.”
- Permitted - “The use of generative AI is encouraged with certain tasks and with attribution. You can choose to use AI tools to help brainstorm assignments or projects, or to revise existing work you have written. When you submit your assignment, I expect you to clearly attribute what text was generated by the AI tool (e.g., AI-generated text appears in a different font, quoted directly in the text, or use an in-text parenthetical citation).”

Student Accommodations

208-792-2677

lcsc.edu/accessibility-services

Library 161

Students in need of classroom accommodations due to a temporary or permanent disability should contact the Accessibility Services (AS) office. It is recommended that students in need of accommodations meet with AS staff as soon as they arrive on campus for the first time and students will be required to provide documentation of their disability. Additionally, students are required to meet with AS staff before the start of each semester to reaffirm their needs are being met and to receive faculty notification forms.

FERPA

208-792-2223

lsc.edu/registrar/faculty-information/ferpa

A variety of records are created and maintained by the college for students as they progress from admission through graduation.

Such records are the property of the college and do not belong to the student.

The Family Educational Rights and Privacy Act of 1974 (FERPA) is a Federal law which states (a) that a written institutional policy must be established and (b) that a statement of adopted procedures covering the privacy rights of students be made available. The law provides that the institution will maintain the confidentiality of student education records.

Definitions:

- Education records: Records, in any media, that are directly related to a student and maintained by Lewis-Clark State College (LC State) or by a party acting for the institution.

Records NOT protected by FERPA include:

- records of instructional, administrative, and educational personnel which are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute
 - records maintained by college security/law enforcement unit
 - records of employment which relate exclusively to individuals in their capacity as employees (records of students employed by the college as a result of their status as students are education records, e.g., work-study)
 - records created, or maintained by a physician, psychiatrist, or other recognized professional acting in his or her professional capacity (including counseling and health records)
- Student: Any individual who is enrolled in a LC State credit or non-credit course.
 - Directory Information: Information contained within the education records of a student that would not generally be considered harmful or an invasion of privacy if disclosed.

Directory Information:

LC State considers the following Directory Information and WILL release this information WITHOUT the written consent of the student.

- Student name
- Student ID number*
- Address listings
- Telephone listings
- Photograph

- Email address
- Dates of attendance
- Enrollment status (full-time or part-time)
- Class level (FR, SO, JR, SR, PB)
- High schools and other academic institutions attended
- Major/minor field of study
- Degree earned and date it was conferred
- Club and athletic participation records
- Height and weight of members of athletic teams
- Scholarships Awarded
- College Leadership Position
- Satisfactory academic standing/ honor roll or other recognition lists

*Student ID number is permissible as long as it cannot be used alone to gain access to educational records. Students must present photo ID when interacting with faculty/staff in person. Students will be asked a series of questions to verify their identity over the phone and/or email.

Non-Directory Information:

LC State considers the following Non-Directory Information and therefore will NOT release this personally identifiable information without the student's written consent.

- Date of birth/age
- Social security number
- Class schedule/roster
- Unsatisfactory academic standing
- Grades
- GPA (term and cumulative)
- Transcript
- Gender
- Credits (term and cumulative)

Student consent must be obtained before disclosing non-directory information, with some exceptions. Any information not defined explicitly as directory information is considered non-directory information. FERPA permits disclosure of non-directory information without student consent in circumstances outlined below:

- School faculty and staff who have a need to know to fulfill their official responsibilities.
- Other schools to which a student is transferring.
- Accrediting organizations.
- Organizations doing certain studies for or on behalf of the college.
- Appropriate parties in connection with financial aid to a student.
- Records can be released to parents of an eligible student if the student is a dependent

for IRS tax purposes (except for health or counseling records which will not be disclosed without student consent or as required by law).

- Certain government officials in connection with local, state or federally-supported education programs.
- Individuals who have obtained court orders or subpoenas.
- Faculty and school officials who have a need to know concerning disciplinary action taken against a student.
- Persons who need to know in cases of health and safety emergencies when necessary to protect the health and safety of the student and/or others.
- State and local authorities to whom disclosure is required by state laws.

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expanded the circumstances under which education records and Personally Identifiable Information (PII) contained in such records, including Social Security number, grades, or other private information, may be disclosed without student consent.

First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may be allowed to disclose student records and PII to a third-party designated by a Federal or State Authority to evaluate a federal or state supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution.

Second, Federal and State Authorities may be allowed access to education records and PII to provide researchers performing certain types of studies, with information; in certain cases, even when LC State objects to or does not request such research. Federal and State Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without consent, PII from student education records, and they may track a student's participation in education and other programs by linking such PII to other personal information about a student that they obtain from other federal or state data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

FERPA gives certain rights to parents regarding their children's educational records at the primary and secondary level. These rights transfer to the student upon reaching 18 years of age or attending any school beyond the secondary level.

Under FERPA a student does not have a right to access and review certain records including: Financial information submitted by parents.

- Confidential letters and recommendations placed in the student's file before 01/01/75.
- Confidential letters, etc., associated with admissions, employment, job placement or honors

to which a student has waived rights of inspection and review.

- Educational records containing information about other students such as grades, test scores, etc.

The Solomon Amendment requires colleges and universities to release information regarding enrolled students to the military for recruitment purposes. Students may restrict disclosure to the military by restricting all disclosure of personal information.

Students may submit a “Directory Information Restriction Request” form to the Registrar & Records Office to prevent directory or non-directory information from being released. Placing a full Non-Disclosure hold on student records will cause any and all future requests for contact information from LC State persons, on non-essential matters, and from non-institutional persons and organizations, including scholarship organizations, prospective employers, and transcript request, etc., to be denied. The restriction will remain in place even after students have stopped attending or have graduated from Lewis-Clark State College and will only be removed if rescinded in writing by the student.

Student Rights:

FERPA affords students certain rights with respect to their education records. These rights are:

- The right to inspect and review the student’s education records within 45 days of the day the college receives a request for access. Students should submit to the Registrar & Records Office, dean, head of the instructional division, or other appropriate official, written requests that identify the record(s) they wish to inspect. The college official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- The right to request an amendment of a student’s education record that the student believes is inaccurate or misleading. Students should ask the college to amend a record that they believe is inaccurate or misleading. They should write the college official responsible for the record; clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- The right to consent to disclosures of personally-identifiable non-directory information contained in a student’s education records, except for those disclosures permitted under FERPA. FERPA permits disclosures of education records to school officials with legitimate educational interests. A school official is defined as a person employed by the college in an administrative, supervisory, academic, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the college has contracted (such as an attorney, auditor, or collection agent); or a person assisting another

school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

- The right to file a complaint with the Registrar & Records Office regarding any perceived FERPA violation. Upon receipt of the complaint, the Registrar & Records Office will work with the Vice President for Student Affairs to investigate the complaint and take all necessary action to comply with the requirements of FERPA.
- The right to file a complaint with the U.S. Department of Education concerning any alleged failures by Lewis-Clark State College to comply with the requirements of FERPA as set above.

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4604

Student Schedules:

The Registrar & Records Office will not release class schedules or locations for any student without proper legal authority. In the event that a student needs to be contacted, a message will be delivered to the student. However, this will only be done in emergency situations where the health and/or safety of an individual are of concern. It is the responsibility of all students to make available their whereabouts to parents, children, spouses, or anyone else they deem appropriate.

Communicating With Students About Their Records

When talking to students about their records, LC State staff must verify that students are who they claim to be. This applies to in-person, phone, and email.

- In-person: Student must present photo ID.
- WarriorMail: Students must use their WarriorMail account to communicate with faculty and staff. Students will be asked a series of questions to verify their identity.
- Phone: Students will be asked a series of questions to verify their identity.
- Other Email: No student information will be shared through non-WarriorMail addresses once individuals are enrolled in classes.

The Registrar & Records Office is the primary contact for all student information inquiries.

STUDENT RIGHTS & RESPONSIBILITIES

208-792-2218

lcsc.edu/student-affairs/student-rights-responsibilities

Individual Rights

Students have the right to exercise their full rights as citizens without interference or fear of college disciplinary action.

Discrimination

LC State is committed to maintaining a working and learning environment that is free from unlawful discrimination and to providing an environment that emphasizes the dignity and worth of every member of its community. Such an environment is necessary to maintain a healthy learning, working, and living atmosphere because discrimination undermines human dignity, mutual respect, and the positive connection among all people at our college. LC State will not discriminate on the basis of race, color, religion, creed, age, sex/gender (including gender identity, sexual orientation, and pregnancy), national origin, physical or mental disability, marital status, protected veteran status, and/or genetic information. Additionally, LC State will not tolerate any form of discrimination, harassment, or retaliation against any member of the LC State community, and will take appropriate action against a student or college employee who is found to have engaged in discriminatory or retaliatory conduct.

Incidents of alleged discrimination committed by any member of the college community will be investigated by the Title IX Coordinator. The facts of each case will determine the most appropriate adjudication process. Formal complaints of sex-based harassment, sexual assault, dating violence, domestic violence and stalking will be adjudicated through a formal hearing process as identified in the Resolution Process document found at lcsc.edu/discrimination-harassment/resolution-procedures. Incidents that do not meet the requirements for the formal hearing process will be adjudicated under the appropriate provision of the Student Code of Conduct for students (Vice President for Student Affairs), and under the appropriate employee provision for staff and faculty (Director for Human Resource Services).

Academic Affairs

Students have responsibility for selecting a major field of study, for choosing an appropriate degree program within the discipline, for planning class schedules, and ultimately for meeting the requirements for their degrees. The college will provide advisors to assist students in academic planning, but students are responsible for obtaining copies of appropriate academic bulletins and being thoroughly familiar with all academic requirements, which must be met for a degree. To meet the college's mission, it is expected that students will be active, engaged, and collaborative learners, who fully respect the rights of other members of the college community, who participate in educational opportunities in the classroom and beyond, and who take advantage of opportunities to learn with and from others.

Students have the responsibility to review course descriptions prior to enrollment and identify

any content that may conflict with their personal beliefs in relation to diversity, equity, and inclusion (DEI) topics. In such cases, students are responsible for promptly communicating with their instructor or academic advisor to request information about potential alternative assignments or learning activities, consistent with institutional policy and applicable state law.

Students will find additional guidance from programs of study and in classroom materials.

Students have the right to have college classes conducted under the following provisions:

- Faculty will clearly state course outcomes/goals, assignments/testing, and grading which should be in alignment with the course intention (or purpose) and academic level.
- Faculty will plan and regulate class time with an awareness of its value for every student.
- Faculty will be available to students and will announce and maintain regular office hours.
- Faculty will strive to generate respect and understanding for academic freedom by students.
- Faculty will strive to create an environment in which students may raise relevant issues, doubts, or alternative opinions during classroom discussion, without concern for academic sanctions.
- Faculty will be sensitive to students' personal or political beliefs expressed in a private manner in connection with coursework.
- Faculty will protect student information, such as grades and class standing, in accordance with FERPA.

Student Affairs

Students have the right to a clear statement of their basic rights, responsibilities, and expected conduct. They have the right to assist in formulating college policy through representation on various college committees. Students also have the right to be represented by a student government. Other student rights and responsibilities outside the classroom include:

- Students may form, join, and participate in groups which promote intellectual, religious, social, economic, political, recreational, or cultural life on campus. The college believes group activities to be a positive educational vehicle and recognizes the right of student groups to discuss, express opinions, to assemble, write, and publish within state and federal constitutional guarantees and laws.
- A student group may be authorized to use college facilities if its officers and a majority of its members are currently enrolled at Lewis-Clark State College.
- Students and student groups are free to engage in peaceful and orderly protests and demonstrations which do not disrupt functions of the college, subject to reasonable assumptions concerning time, place, and manner. In all cases the educational purpose and process of the college must not be disrupted by protests and demonstrations.
- Students who publish or broadcast content in College related student media have the right to be free from unlawful censorship. However, students who publish or broadcast content which is defamatory, false, constitutes an invasion of privacy, is obscene, violates state or federal law, or which incites a clear and present danger of the commission of an unlawful

act may be subject to discipline under the Student Code of Conduct, and managers and editors of student media may be suspended or removed from their positions by the Communications Board where such content is published or broadcast. However, students and managers and editors of student media may not be disciplined or removed from their positions because of general faculty, administrative, student, or public disapproval of student media content.

- Students who publish student publications which are not sponsored or financially supported by the college may distribute the publications to students on college property subject to reasonable assumptions concerning time, place, and manner of distribution, but may not have protection of social or legal consequences of libel, indecency, undocumented allegations, attacks on personal integrity, or techniques of harassment and innuendo.
- Students have the right to access educational records maintained by the college according to the Family Educational Rights and Privacy Act (FERPA). The students may review their own records and challenge the accuracy of the records. Educational records are maintained on a confidential basis. Only those college employees with a legitimate need to know have access to student educational records. For further information see the full policy on student records at lcsc.edu/policies Policy 1.117.

POLICY & PROCEDURE

Administrative/Involuntary Withdrawal Policy

lcsc.edu/policies Policy 5.301

This allows for administration to withdraw students from classes if Lewis-Clark State College determines that the conduct, or the continued presence of the student, impairs, obstructs, interferes with, or adversely affects the mission, processes, or functions of the college.

Appropriate Use of Technology

lcsc.edu/policies Policy 1.202

Information technology resources are valuable assets provided to enhance the core functions of LC State. The use of the college's information technology resources is a privilege extended by the institution to authorized users for the purpose of teaching, learning, research, service, and administration. This policy governs the use of the college's information technology resources in an atmosphere that encourages free exchange of ideas and an unwavering commitment to academic freedom. The college community is based on principles of honesty, academic integrity, respect for others, respect for privacy, and respect for property.

lcsc.edu/policies Policy 5.108

Sex Offender Policy

lcsc.edu/policies Policy 1.119

- Notification: The Campus Sex Crimes Prevention Act (2000), passed as part of the Victims of Trafficking and Violence Protection Act, requires any person who was obligated to register in a state's sex offender registry to notify the institution of higher education at which the sex offender works or is a student of his or her status as a sex offender; and to notify the same institution of any change in his or her enrollment or employment status. It also requires that the information collected as a result of this Act be reported promptly to local law enforcement and entered promptly into the appropriate state record systems.
- Student Sex Offender Responsibility: In addition to registration requirements as set forth in Idaho Code, students shall, in accordance with the Campus Sex Crimes Prevention

Act, notify the Director of Public Safety of their status as a registered sex offender prior to attending classes or residing on campus.

- **Employee Sex Offender Responsibility:** In addition to registration requirements as set forth in Idaho Code, employees shall, in accordance with the Campus Sex Crimes Prevention Act, notify the Director of Public Safety of their status as a registered sex offender prior to accepting employment with Lewis-Clark State College.

Social Media

The use of social media is prevalent among college students to foster social networks and to stay informed about campus events and activities. Students are reminded that social media can be visible by many people including those that were not intended to see it. Potential employers, job screening committees, and even law enforcement use social media to supplement background or reference checks, and to assist with official investigations. Students are responsible for what they post on their own sites and on the sites of others.

Student Grievance Policy

lcsc.edu/policies Policy 5.312

The general student grievance policy outlines the process students follow to file a formal grievance about a particular aspect of their educational experience. This policy/procedure is intended to eliminate potential confusion on the part of students, members of the campus community, and external groups as to which grievance process students follow in any given situation.

More information about Student Grievances can be found in the Services & Resources section of this handbook.

Student Medical Amnesty Policy

lcsc.edu/policies Policy 5.315

Alcohol and drug overdose can cause serious and life-threatening medical emergencies. LC State students may encounter these types of emergencies while at LC State. Due to fear of the consequences, students are often afraid to seek emergency assistance for fellow students in trouble. To encourage students to seek emergency care, LC State has implemented the Student Medical Amnesty Policy.

Surveillance Camera Policy

lcsc.edu/policies Policy 4.118

LC State uses surveillance cameras at certain locations to enhance the safety and security of students, employees, and property, while protecting an individual's rights to privacy. The primary intent of this policy is to deter unlawful behavior.

STUDENT SUCCESS CENTER

Personal, academic, and professional support to help make your time at LC State valuable.

WARRIOR PANTRY

An on-campus food pantry serving all Warriors including students, faculty, and staff.

MICRO-CREDENTIAL

Level up at skill-building events and participate in activities that count toward credentials.

HAZING-FREE CAMPUS

HAZING

LC STATE IS A HAZING-FREE CAMPUS

STUDENT CODE OF CONDUCT

1. Preamble

- A. The following policies are designed for the general well-being of all members of Lewis-Clark State College (the college or LC State) community. Violations of the Student Code of Conduct may result in remedial action against the student violator and in sanctions being imposed as hereinafter provided. The Student Code of Conduct is also in effect off-campus when students are in attendance at a function sponsored by the college, members of the Associated Student Body or other college-affiliated groups, if the offense constitutes a violation of Title IX such that the offense effectively deprives someone of access to LC State's educational programs and activities, or if students are otherwise participating in a college sponsored activity including sporting events and home stay. These could include dances, social events, club activities, athletic events, educational pursuits, internships, trips, or other college related experiences.
- B. The term "student" includes all persons matriculating at LC State, both full-time and part-time, pursuing undergraduate, graduate, non-degree, or non-credit studies who are:
- currently enrolled;
 - accepted for admission or readmission;
 - enrolled in a prior semester or summer session and who are eligible to continue enrollment in the semester or summer session that immediately follows;
 - not officially enrolled for a particular term but who have a continuing relationship with the college;
 - suspended from enrollment for prohibited conduct that occurred while the individual was a student at the college; or
 - currently using college-owned or college-managed facilities or property in connection with LC State's sponsored academic activities.
- C. The Student Code of Conduct may also be applied to off-campus student behavior even when such behavior does not occur at or with a college-affiliated function, activity or group and does not constitute a violation of Title IX, when the administration determines at its discretion that the off-campus conduct affects a substantial school/college interest. A substantial school/college interest is defined to include:
- any action that constitutes a criminal offense as defined by law. This includes, but is not limited to, single or repeat violations of any local, state, or federal law;
 - any situation in which it is determined that the Respondent poses an immediate threat to the physical health or safety of any student or other individual;
 - any situation that significantly impinges upon the rights, property, or achievements of oneself or others or significantly breaches the peace and/or causes social disorder; and/or
 - any situation that is detrimental to the educational interests or mission of LC State.
- D. Updates to the Student Code of Conduct are posted on the vice president for Student Affairs' website lscs.edu/student-affairs/student-code-of-conduct/.

2. Title IX Violations and Other Civil Rights Violations

- A. LC State is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, that are free from discrimination, harassment,

and retaliation. To ensure compliance with federal and state civil rights laws and regulations, LC State has developed internal policies and procedures that provide a prompt, fair, and impartial process for those involved in an allegation of discrimination or harassment on the basis of protected class status, and for allegations of retaliation. LC State values and upholds the equal dignity of all members of its community and strives to balance the rights of the parties in the grievance process during what is often a difficult time for all those involved.

- B. Any person may report discrimination, sex-based harassment, and/or retaliation to the Title IX Coordinator (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute a violation of policy). Reports may be made in person, by mail, by telephone, by electronic mail, or by any other means that results in the coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours) by using the telephone number, electronic mail address, or by mail to the office address listed for the coordinator:

Title IX Coordinator
Department of Public Safety
500 8th Avenue
Meriwether Lewis Hall 110
Lewiston, ID, 83501
208-792-2689
Titleix@lcsc.edu

In accordance with Idaho Code 33-3732, the President of Lewis Clark State College maintains ultimate authority and responsibility for ensuring institutional compliance with Title IX requirements. The President may exercise direct oversight of any Title IX matter and may intervene in or modify any process outlined in this policy when deemed necessary to ensure appropriate resolution or institutional compliance. The President's authority includes, but is not limited to, reviewing Title IX Coordinator decisions, modifying timelines or procedures when circumstances warrant, and ensuring adequate resources are allocated for Title IX compliance

- C. LC State Policy 3.110 Discrimination and Sexual Harassment, and related procedures, provide information and guidance on how the college will respond to complaints that may be a violation of that policy. The policy and related procedures can be read in their entirety at lcsc.edu/policies and lcsc.edu/discrimination-harassment/resolution-procedures.
- D. LC State routinely provides educational and awareness programs to students in order to generate awareness of discrimination and sex-based harassment. These programs inform the campus community on how to report incidents of discrimination and sex-based harassment, as well as how to implement safe and positive interventions on behalf of students.
- E. Students are thereby advised that acts of discrimination, sex-based harassment, and

retaliation are prohibited and may represent violations of the college's Student Code of Conduct. Off campus conduct also constitutes a violation of the Student Code of Conduct if the effects of off-campus conduct effectively deprive an individual of access to LC State educational programs and activities. Jurisdiction also extends to off-campus/online conduct when the Title IX coordinator determines that the conduct affects a substantial institutional interest.

- F. Students who believe they are victims of discrimination or sex-based harassment are encouraged to report same immediately to any campus official. All college staff and faculty are designated as mandatory reporters, which means they are obligated by policy to share knowledge, notice, and/or reports of harassment, discrimination, and/or retaliation with the Title IX coordinator and/or their supervisor, unless they are exempted per federal laws or regulations. Similarly, students who believe they have witnessed or otherwise know of a case of discrimination or sex-based harassment should report it to a campus official.
- G. Reports may be filed confidentially. Students filing complaints requesting anonymity will be apprised of the potential limitations of the investigative and student judicial process when such requests are granted, and the granting of those requests may not be guaranteed if the safety of the campus community is deemed at risk.
- H. Upon receipt of notice or a complaint of an alleged violation of the policy, prohibited discrimination, sex-based harassment, and retaliation, the Title IX coordinator, or his or her designees, will conduct an initial assessment of the information and will reach out to the Complainant and offer supportive measures and an opportunity to file a formal complaint. The coordinator will work with the Complainant to determine whether the individual prefers a supportive and remedial response, an informal response option, or a formal investigation and grievance process. In some cases, school officials may need to proceed with an investigation regardless of the student's desires, based on certain criteria as outlined in LC State Policy 3.110 – Discrimination and Sexual Harassment. If a determination is made to proceed with an investigation against the wishes of the student, the student will be informed of such, and LC State will take every reasonable precaution to keep the student safe and provide supportive measures.
- I. If a member of the campus community believes that LC State has not complied with the provisions of Title IX, he or she may file a complaint by contacting the Office of Civil Rights at 1-800-421-3481 or ed.gov/about/offices/list/ocr/docs/howto.html?src=r

3. Prohibited Conduct

The following list describes conduct which detracts from the effectiveness of the college community and which is therefore prohibited and subject to disciplinary sanctions:

A. Academic Dishonesty

Cheating or plagiarism in any form is unacceptable. LC State functions to promote the cognitive and psychosocial development of all students. Therefore, all work submitted by a student must represent one's own ideas, concepts, and current understanding.

Academic dishonesty includes:

- i. Cheating - Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise. The term "academic exercise" includes all

forms of work submitted for credit hours.

- ii. Fabrication - Intentional and/or unauthorized falsification or invention of any information or the source of any information in an academic exercise.
 - iii. Collusion facilitating academic dishonesty – Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.
 - iv. Plagiarism - The deliberate adoption or reproduction of ideas or words or statement of another person as one's own without acknowledgment. This may include the use of Artificial Intelligence (AI) unless its use is specifically authorized by a course instructor.
- The sanctions imposed for a violation of this section of the code are independent of, and in addition to, any adverse academic evaluation which results from the student's conduct. The course instructor is responsible for academic evaluation of a student's work and shall make that evaluation without regard to any disciplinary action which may or may not be taken against a student under the Student Code of Conduct.

B. Alcoholic Beverages

- i. Idaho law states that it is illegal to sell, serve or furnish beer, wine or other alcoholic beverages or intoxicating liquor to a person under 21 years of age. It is illegal for any person under 21 years of age to purchase or attempt to purchase, procure, possess, or consume any alcoholic or intoxicating liquor. Illegal possession or consumption of alcoholic beverages (beer, wine, liquor, or other beverage which is controlled as an alcoholic beverage under Idaho law) is prohibited in college-owned, leased, or operated facilities and on campus grounds.
- ii. Alcoholic beverages may not be possessed, manufactured, or consumed under any circumstances in areas open to and most commonly used by the general public. Public areas include, but are not limited to, lounges, college union buildings, recreation rooms, conference rooms, athletic/student facilities and other public areas of college-owned buildings or grounds. Students aged twenty-one (21) and over may possess alcohol in their residence hall rooms subject to residence hall policies.
- iii. Sale of alcoholic beverages is prohibited in college-owned, leased, or operated facilities and on campus grounds without approval from the president of the college.
- iv. Guests and visitors shall observe these regulations while on campus or other college property. Non-compliance may subject a person to sanctions imposed by LC State as well as to the provisions of local and state law.
- v. For college-sponsored events which are open to the campus community and at which alcohol will be present, the sponsor will work with the vice president for Student Affairs and the appropriate instructional dean to assure adherence to this policy. Per LC State Policy 3.113, the following information will need to be provided to assure adherence:
 - a) names and ages of individuals designated as bartenders or servers to check identification;
 - b) means to inform participants of applicable state and federal laws regarding alcohol consumption;
 - c) non-alcoholic beverages and food consumption; and
 - d) designated driver program.
- vi. No social event shall include any form of drinking contest in its activities or promotion.

C. Smoking and Vaping Policy

By Executive Order Number 92-2 of the Governor of Idaho, smoking tobacco or similar substances is not allowed inside any college-owned or operated building. To provide building access which is smoke-free, while still accommodating those who elect to smoke, the campus has established designated smoking areas on the outer parking lots of the campus. Smoking or vaping within the campus grounds, around or in buildings, or any place other than a designated smoking area is considered a violation of the Student Code of Conduct. A map of the designated smoking areas may be found at the following website: lsc.edu/visit/campus-map-directions.

D. Drugs

Possession, manufacture, distribution, use or sale of marijuana, drug narcotics or other controlled substances classified as illegal under Idaho law, except those taken under a doctor's prescription, is prohibited on college-owned or controlled property (as that term is herein and hereafter used, college-owned or controlled property includes student housing owned by or rented through the college), or at any college-sponsored or supervised function. (See the LC State Drug and Alcohol Abuse Prevention Program (DAAPP) Lewis-Clark State College Drug and Alcohol Abuse Prevention Program (DAAPP) 2023-25 (lsc.edu))

E. Falsification of College Records

The willful falsification of official records or documents or the submission of records or documents to LC State with knowledge of their falsity is prohibited. Falsification of records or documents includes, but is not limited to, the following: the forging or alteration of, or the knowing use of false or inaccurate registration documents, documents submitted in support of residency determinations, transcripts, fee receipts, identification cards, meal tickets, parking decals, financial aid forms, and ASLSCS forms or documents.

F. Threats of Harm or Actual Harm to a Person's Physical or Mental Health or Safety

Threats of harm or actual harm to a person's physical or mental health or safety are prohibited. Such conduct includes, but is not limited to:

- i. Physical violence of any nature against any person. Physical violence includes, but is not limited to, 1) fighting; 2) assault; 3) battery; 4) the use of a knife, gun, or other weapon except in reasonable self-defense; 5) physical abuse; 6) restraining or transporting someone against his or her will; or 7) any action that threatens or endangers the physical health or safety of any person or causes reasonable apprehension of such harm.
- ii. Persistent or severe verbal abuse, threats, intimidation, harassment, coercion, bullying, derogatory comments, vandalism, or other conduct that, 1) threatens or endangers the mental or physical health; or 2) safety of any person; or 3) causes reasonable apprehension of such harm. A single instance may be considered severe enough to merit sanctions.
- iii. Hazing, which is defined more in depth in [LC State Policy 5.108 Hazing](#). LC State's response to hazing is addressed in the same policy. Hazing includes, but is not limited to, any action or participation in any activity that

- a) causes or intends to cause physical or mental discomfort or distress;
 - b) may demean any person, regardless of location, intent, or consent of participants; or
 - c) destroys or removes public or private property, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group or organization. The express or implied consent of the victim will not be a defense. Apathy or acquiescence in the presence of hazing are not neutral acts; they are also violations of this rule.
- iv. Discrimination, Sex-based Harassment, Retaliation and Other Civil Rights Offenses: Acts of discrimination, sex-based harassment, retaliation, and other civil rights offenses are prohibited per LC State Policy 3.110 Discrimination and Sexual Harassment.
- a) Conduct that may violate Policy 3.110 is defined within that policy and will be addressed using the related Resolution Process document. Prohibited conduct includes, but is not limited to:
 - 1) discrimination on the basis of a protected class;
 - 2) sex-based harassment, including sexual assault, dating violence, domestic violence, and stalking;
 - 3) sexual exploitation; and
 - 4) other civil rights offenses when the act is motivated by actual or perceived membership in a protected class, and the result is a discriminatory limitation or denial of employment or educational access, benefits, or opportunities.
 - b) It is prohibited for the college or any member of the college community to take materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy and procedure.
 - c) Charges against an individual for code of conduct violations that do not involve sex discrimination or sex-based harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination/sex-based harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.
 - d) The exercise of rights protected under the First Amendment does not constitute retaliation.
 - e) Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy and procedure does not constitute retaliation, provided that a determination regarding responsibility, alone, is not sufficient to conclude that any party has made a materially false statement in bad faith.
 - f) LC State reserves the right to impose any level of sanction, ranging from a reprimand up to and including suspension or expulsion/termination, for any offense under this policy.
- v. Consent
- a) Consent is:

- 1) knowing, and
 - 2) voluntary, and
 - 3) clear permission
 - 4) by word or action
 - 5) to engage in sexual activity.
- b) Since individuals may experience the same interaction in different ways, it is the responsibility of each party to determine that the other has consented before engaging in the activity.
 - c) If consent is not clearly provided prior to engaging in the activity, consent may be ratified by word or action at some point during the interaction or thereafter, but clear communication from the outset is strongly encouraged.
 - d) For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct. Reasonable reciprocation can be implied. For example, if someone kisses you, you can kiss them back (if you want to) without the need to explicitly obtain their consent to being kissed back.
 - e) Consent can also be withdrawn once given, if the withdrawal is reasonably and clearly communicated. If consent is withdrawn, that sexual activity should cease within a reasonable time.
 - f) Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). A current or previous intimate relationship is not sufficient to constitute consent.
 - g) Proof of consent or non-consent is not a burden placed on either party involved in an incident. Instead, the burden remains on the college to determine whether its policy has been violated. The existence of consent is based on the totality of the circumstances evaluated from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged incident occurred and any similar, previous patterns that may be evidenced.
- vi. Incapacitation:
- a) A person cannot consent if they are unable to understand what is happening or is disoriented, helpless, asleep, or unconscious, for any reason, including by alcohol or other drugs. As stated above, a Respondent violates this policy if they engage in sexual activity with someone who is incapable of giving consent.
 - b) It is a defense to a sexual assault policy violation that the Respondent neither knew nor should have known the Complainant to be physically or mentally incapacitated. "Should have known" is an objective, reasonable person standard which assumes that a reasonable person is both sober and exercising sound judgment.
 - c) Incapacitation occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give knowing/informed consent (e.g., to understand the "who, what, when, where, why, or how" of their sexual interaction).
 - d) Incapacitation is determined through consideration of all relevant indicators of an individual's state and is not synonymous with intoxication, impairment, blackout, and/or being drunk.
 - e) This policy also covers a person whose incapacity results from a temporary or

permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating drugs.

G. Lewd or Indecent Conduct

Lewd or indecent conduct, as prohibited by city and/or state laws and ordinances which occurred on college-owned or controlled property or while the violator is attending or participating in a college-sponsored event or activity, is prohibited.

H. Illegal Entry

Any unauthorized or forcible entry, whether actual or attempted, into any facility or building located on college-owned or controlled property is prohibited.

I. Campus Disorders and Disruptions

Members of the college community have the right to lawful freedom of movement on campus; the lawful use of property, facilities, or parts of the college; and to lawfully ingress to and egress from the college's physical facilities while open and accessible to the public. Violations of these rights of the college community with intent by: physically hindering entrance to, exit from, or normal use of any college facility or part thereof; remaining in any college facility after being advised by an appropriate delegate of the president of the college that the facility is closed for business; interfering, through harassment, with the college's operation (this may include the use of noise making or amplifying devices); interfering with reasonable use of college driveways, parking lots or sidewalks; disruptively interfering with authorized events on property owned or controlled by the college or in college facilities; or intentionally interfering with college officials and instructors in the lawful conduct of their duties is prohibited.

J. Disruption of the Classroom

Disruption of the classroom is prohibited. Each faculty member controls the direction of education in the classroom setting. The educational atmosphere is the heart and purpose of higher education. Students have the obligation to respect the educational rights of others as they seek to maximize their learning. Faculty have the right to utilize whatever methods they deem appropriate to ensure the quality of the educational atmosphere. This includes, but is not limited to, requesting an investigation of disruptive classroom behavior under the Student Code of Conduct. See "Classroom Infractions" section.

K. Disobeying or Deceiving College Officials

Students must obey the reasonable requests of college officials including, but not limited to, security officers, residence hall administrators and residence hall assistants in the performance of their duties. Students may not provide college officials with false identification or false information while officials are in performance of their duties.

Providing false information constitutes a violation of the Student Code of Conduct.

L. Theft

Theft, or the conversion of college property or the theft or conversion of the property of another, which occurs on college-owned or controlled property is prohibited.

M. Destruction or Damage of Property

Vandalism (willful or malicious damage, destruction, or defacement) of college-owned or controlled property or vandalism of property belonging to others which occurs on college-owned or controlled property, or while the violator is attending or participating

in a college-sponsored event or activity is prohibited. This also applies to students participating in the college's home stay program. Preventable accidental damage may also be considered a violation of the Student Code of Conduct on a case-by-case basis.

N. Fire Regulations and Equipment

Smoking in unauthorized areas, the setting or building of fires upon property owned or controlled by the college without proper authorization, removal or tampering with fire equipment or fire alarm systems on college-owned or controlled property, or failure to vacate college buildings promptly when fire alarms sound is prohibited.

O. Gambling

Gambling as prohibited by city and/or state laws and ordinances is prohibited on college-owned or controlled property.

P. Firearms and Dangerous Weapons

Possession of firearms on college-owned or college-controlled property, except as expressly authorized by Idaho Code, section 18-3309(2), and LC State Policy 4.123, is prohibited. The college will provide safe storage of firearms and weapons for students who live in housing managed by the college or other students upon request. Possession of illegal weapons, explosives, chemical, or incendiary devices, except as expressly authorized by law or institutional policy, is prohibited on college-owned or college-controlled property. Students in violation of this provision of the Student Code of Conduct will be subject to college-based disciplinary action and, depending upon the nature of the infraction, may be referred to local law enforcement.

Q. Group Offenses

Living organizations, clubs and similarly organized groups are responsible for compliance with college regulations. Upon satisfactory proof that a group encourages, or did not take satisfactory steps to prevent violations of college regulations, that group may be subject to permanent or temporary suspension, loss of recognition or charter, social probation, or other action.

R. National City/State Laws

Violation of any United States Federal law, State of Idaho law or City of Lewiston ordinance which occurs on college-owned or controlled property or while the violator is participating or attending a college-sponsored event or activity is in violation of this code. Additionally, off-campus or non-college related criminal activity is in violation of this code when it affects a substantial school/college interest as defined above in the Preamble.

S. Accessories

A person is in violation of this code if he or she intentionally aids or abets another in the commission of any offense mentioned in this code. Abuse of the student code, includes but is not limited to:

- i. Falsification, distortion, or misrepresentation of information during a judicial investigation;
- ii. Disruption or interference with the orderly conduct of a judicial proceeding;
- iii. Institution of a judicial proceeding knowingly without cause;
- iv. Attempting to discourage an individual's proper participation in, or use of, the judicial system;

- v. Attempting to influence the impartiality of a member of a judicial body prior to, and/or during the course of, the judicial proceeding;
- vi. Harassment (verbal, visual, or physical) and/or intimidation of a member of a judicial body prior to, during, and/or after a judicial proceeding;
- vii. Failure to comply with the sanction(s) imposed under the student code;
- viii. Influencing or attempting to influence another person to commit an abuse of the judicial system; or
- ix. Retaliating against any participant in a judicial proceeding to influence, intimidate, or harass the participant.

T. Dual Credit Students

Acts of academic dishonesty are subject to appropriate discipline through the student's high school, with the exception of those students taking dual credit courses on-campus or online. Title IX, which prohibits discrimination on the basis of sex in education programs or activities operated by recipients of federal financial assistance (including sex-based harassment and sexual misconduct), applies to all LC State students and dual credit students, wherever they are taking classes. In Title IX-related cases, college officials will coordinate investigative and adjudication processes with high school officials. Other provisions of the Student Code of Conduct apply to dual credit students, but disciplinary action may be coordinated with or delegated to the student's high school.

4. Disciplinary Sanctions

- A. Disciplinary sanctions which may be imposed for a violation the Student Code of Conduct are listed here in order of their severity:
- i. Warning;
 - ii. Probation (with terms and length as determined by the person levying the sanction);
 - iii. Withheld suspension (failure to comply with the terms of withheld suspension may result in immediate suspension from college. Withheld suspension may also be a "delayed" suspension whereby a student is permitted to remain enrolled for the duration of the current term, but will not be permitted to enroll in subsequent terms unless certain conditions are met);
 - iv. Suspension (removal from the college for a specific length of time, e.g., semester or academic year) which may include readmission following the suspension period subject to an additional period of probation or withheld suspension. Students who are suspended will have this sanction noted on their official college transcript;
 - v. Expulsion (indefinite removal from college) which may include being banned from campus property. Students who are expelled will have this sanction noted on their official college transcript.
 - vi. *Suspension or expulsion can occur even after a student withdraws if the withdrawal occurred while Student Code of Conduct charges were pending.
- B. The person or board levying or recommending the sanction may also impose or recommend any combination of the following and may also include them as terms of probation:
- i. Community service (to be performed for a specific period of time under the direction of the vice president for Student Affairs or his or her designee);

- ii. Restitution of damages;
 - iii. Special sanctions deemed appropriate and reasonable by the person or board levying or recommending the sanctions (e.g., counseling, restrictions on behavior or requiring letters of apology to be written);
 - iv. Sanctions for alcohol and drug use infractions may include completion of appropriate substance use screening and intervention, assessment, counseling and /or community treatment referral, based on number of substance related violations, severity or dangerousness of use, or related to the real or potential disruption to the campus living and/or learning environment due to the student infraction;
 - v. administrative fees not exceeding fifty dollars (\$50).
- C. Until fines or restitution have been paid, the college may deny a student the privilege of re-registering. In situations involving violations of city, state, and/or federal law, violence, or threats, the police may be informed of the occurrence.
- D. Sanctions affecting a student's residence in college-controlled housing may be imposed. These sanctions are loss of privileges within the living group and temporary or permanent removal from college-controlled housing. Students may be banned from further visitation.
- E. Sanctions already imposed by civil or criminal process may be taken into account when any college sanction is imposed. Extensive, organized, serious or repeated violations of this code are taken into account when determining the appropriate sanction.

5. Disciplinary Procedure

The president of the college is responsible to the State Board of Education (SBOE) for the administration and enforcement of all regulations or policies adopted by the board. The SBOE possesses all the power necessary or convenient to accomplish the objectives and perform the duties prescribed by law. The vice president for Student Affairs is responsible to the president of the college for enforcement of the Student Code of Conduct and has been designated as the Senior Student Judicial Officer of the college. Primary responsibility for investigating alleged violations, proffering charges, imposing sanctions and educational remedies, representing the college in hearings and appeals under this Student Code of Conduct and enforcing sanctions and educational remedies is assigned to the vice president for Student Affairs, or his or her designee. Title IX cases will be investigated and adjudicated in accordance with federal Title IX regulations, policies, and laws.

A. Classroom Infractions

Individual faculty members or programs may impose their own policies regarding student classroom behavior and academic dishonesty. Such policies are to be readily available to students (e.g., course syllabus, program website or handbook). Sanctions imposed by a faculty member are limited to grades on individual assignments, course grades, and/or temporary dismissal from a class (depending on the nature of the infraction). Students accused of academic dishonesty or of another classroom infraction may also be referred by the faculty member to the vice president for Student Affairs for official disciplinary action.

Faculty members do not have the authority to dismiss a student from a course indefinitely

or to dis-enroll a student from a program or major/minor. Should an incident rise to the level of potential course or program disenrollment, the division chair, instructional dean, and the vice president for Student Affairs will make a final determination.

B. Emergency Powers

Nothing in the Student Code of Conduct shall be in derogation of the power of the president of LC State or his or her duly authorized subordinates to declare a state of emergency on college-owned or controlled property, and to suspend the procedural and substantive rights specified herein for the duration of the declared emergency. Any sanctions imposed on any student violating this code or any emergency rules or the lawful order of any college official may be imposed by the president of the college or his or her duly authorized subordinates after such summary proceedings as are reasonable under the circumstances, but such sanctions shall continue only for duration of the emergency. Any sanctions, other than those imposed for the duration of the emergency, must be brought under the Student Code of Conduct and, with respect to those proceedings, students are guaranteed all substantive and procedural rights specified herein.

C. Investigation and Determination by the vice president for Student Affairs

The vice president for Student Affairs shall receive all student judicial complaints and shall investigate all complaints against students alleged to have violated the Student Code of Conduct or may delegate investigative and/or adjudicative responsibilities. The investigation should include, if possible, an interview with the student whereby the student is informed of the alleged violation and given an opportunity to deny or explain it. The vice president for Student Affairs, after whatever investigation he or she deems necessary has been conducted, shall make a determination of whether, based on a preponderance of the evidence, i.e., more likely than not, the student violated the Student Code of Conduct. If the vice president for Student Affairs determines that a student violated the Student Code of Conduct, he or she shall write a report identifying the alleged violation and set forth his or her determination of the sanction imposed. Allegations of discrimination and sex-based harassment, and retaliation will be investigated by the college's Title IX Coordinator or his or her designee. Respondents alleged to have engaged in a form of sex/gender-based violence will be given notice prior to the initial interview in the investigative process.

D. General

Any notice, report, decision, or request which is to be given or served under these proceedings will be deemed given or served when either personally delivered to the person or office entitled to the notice, when delivered to the person's campus mailbox, when deposited in the United States mail, certified mail, postage prepaid, addressed to the person or office at that person's last-known address as shown on the records of the college, or when sent to the person's college email box. Written notification of the outcome of the results of student disciplinary proceedings will be issued to the responding student and to the reporting party. Victims of a crime of violence, or a non-forcible sex offense will also be notified of the outcome of the student disciplinary proceedings. If the alleged victim is deceased as a result of such crime or offense, the

next of kin of the victim will receive notification of the outcome. In cases involving alleged sexual misconduct, the LC State's Statement of the Rights of the Parties shall prevail over any conflicting provision in these disciplinary procedures.

E. Supportive Measures

The vice president for Student Affairs, with the concurrence of the president, shall have the right to summarily suspend a student who he or she believes has committed a violation of the Student Code of Conduct when, based upon such investigation and informal hearing as is reasonable under the circumstances, the vice president for Student Affairs determines that the student's continued presence poses a continuing danger to persons or property, or an ongoing threat of disruption of the academic process or when the vice president for Student Affairs determines that compliance with federal or state law requires that the student not be allowed on campus. In Title IX or other discrimination investigations, the Title IX Coordinator is authorized to assess the need for and impose supportive measures. Additional supportive measures may include, but are not limited to, assigning new living arrangements, modifying class schedules, restricting access to specific campus facilities, and/or emergency removal from campus.

F. Appeal

If the student disagrees with the vice president for Student Affairs' or designee's conclusion that he or she violated the Student Code of Conduct or with the sanction imposed, the student may file an appeal with the college president by delivering a written request to the Office of the Vice President for Student Affairs within seven (7) working days after the date on which he/she is served with a copy of the vice president for Student Affairs (or designee's) decision. Upon receipt of the written request, the vice president for Student Affairs will notify the president's office within two (2) working days. If the student does not deliver a timely written request for a hearing, the vice president for Student Affairs' determination and sanction shall become final, and the student shall have no further right to an appeal (See Section 6.F.). An appeal regarding a Title IX Notice of Outcome will be conducted in accordance with LC State Policy 3.110.

6. Student Disciplinary Hearing Board

- A. Function and Jurisdiction. The Student Disciplinary Hearing Board shall provide a hearing in student discipline matters when a student has filed a timely appeal with the president as set forth in section 5 F. Appeal.
- B. Structure and Organization. The Student Disciplinary Hearing Board (this is not the Title IX hearing panel) contains the same faculty appointees as the Faculty Hearing Board. The chair shall be elected each year from the voting members of the Faculty Hearing Board. In cases involving students, four (4) students shall be included, with voice and vote, in the Student Disciplinary Hearing Board membership. The students shall be appointed by the student body president. A quorum shall consist of a simple majority of the members of the hearing board so long as two (2) student members are present, except in sexual misconduct cases (See LC State Policy 3.110). The decision of the Student Disciplinary Hearing Board shall be made by a majority vote of the quorum who attended the hearing.
- C. Details and other information about the Faculty Hearing Board, including term of office for Faculty members can be found in LC State Policy 2.115 at lsc.edu/policies.

- D. Hearing Officer. Either the president or the Student Disciplinary Hearing Board may, but is not required to, appoint a hearing officer to preside at any hearing held by the Student Disciplinary Hearing Board. The hearing officer may or may not be an attorney at law, but must be experienced in conducting hearings. He/she shall act in an impartial manner as the presiding officer at the hearing. The hearing officer may participate in its deliberations and act as its legal advisor, but shall not be entitled to vote.
- E. For Title IX-related cases, a distinct hearing panel and appeal panel will be convened as necessary. See Discrimination and Sexual Harassment LC State Policy 3.110 at lcsc.edu/policies.
- F. College President. Upon receipt of an appeal, the president shall convene the Student Disciplinary Hearing Board. Following the hearing, the president shall review recommendations from the Student Disciplinary Hearing Board and determine whether to affirm, modify or reverse the vice president for Student Affairs' determination.

7. Hearings Before Student Disciplinary Hearing Board

If a student makes a timely written request for an appeal, the student shall be entitled to a hearing before the Student Disciplinary Hearing Board. The following provisions shall be applicable to hearings before the Student Disciplinary Hearing Board:

- A. The hearing shall be held within thirty (30) working days of the receipt of the written request unless the Student Disciplinary Hearing Board Chair finds that a reasonable extension of time is necessary and agreed upon by both parties.
- B. At the hearing, the vice president for Student Affairs (Adjudicating Officer) shall present the basis upon which his/her decision was made along with any other evidence he/she deems necessary to support that decision. The student:
 - i. shall be given the opportunity to testify and present evidence and witnesses on his or her behalf;
 - ii. shall have the opportunity to hear and question any adverse witnesses called by the vice president for Student Affairs.
 - iii. shall not be forced to testify against him/herself, and his/her refusal to testify shall not be considered as evidence against him/her; and
 - iv. shall not have the right to be represented by an attorney except:
 - a) when the vice president for Student Affairs will be represented by an attorney, he or she shall give written notice to the student of such representation and the student shall then have the right to be represented by an attorney at his/her own expense; and
 - b) where the charges against the student are, or are likely to be, the subject of a separate criminal action against the student, the student may be accompanied to the hearing by an attorney and shall have the right to consult with the attorney throughout the meeting, but the attorney shall not be entitled to present evidence, question witnesses, make arguments or otherwise participate in the meeting. When not accompanied by or represented by an attorney, the student may be accompanied by a non-lawyer advisor of his/her choice. This person may not present evidence, question witnesses, make arguments, or otherwise participate in the meeting.

- C. The hearing before the Student Disciplinary Hearing Board shall be open to the public if both parties make a written request for an open hearing and deliver it to the vice president for Student Affairs at least two (2) working days before the day of the hearing. If parties to the complaint do not agree on an open hearing or both prefer a closed hearing, the hearing will not be open to the public. If neither party requests an open hearing, the hearing will not be open to the public.
- D. The Student Disciplinary Hearing Board will use a recording device to record the hearing. A copy of that record shall be made available to the student upon payment of the reasonable cost of that copy.
- E. Following the hearing, the Student Disciplinary Hearing Board shall review the documentary, oral and other evidence presented at the hearing. The Student Disciplinary Hearing Board will then issue a recommendation to the president that the vice president's determination be affirmed, modified, or reversed. The Student Disciplinary Hearing Board's recommendation shall be in writing and shall be forwarded to the president, along with the evidence presented at the hearing, within seven (7) working days of the conclusion of the hearing.
- F. The president shall issue a written decision within thirty (30) working days of the completion of the hearing. If an extension is required for proper review of the materials presented, written notifications of the extension will be provided to the primary parties. Upon review of the Student Disciplinary Hearing Board's recommendation, the president shall issue a final decision. A copy of the written decision of the president shall be served on the responding party and the vice president for Student Affairs, and in sexual misconduct cases, to the reporting party.
- G. A copy of the president's determination will be included in the original Respondent's student file.
- H. For cases involving Title IX allegations, refer to LC State Policy 3.110 Discrimination and Sexual Harassment for information and guidance on how the college will respond.

8. State Board of Education

A party may appeal the president's decision to the State Board of Education when, if and in such manner as the SBOE determines that such appeal shall be heard. See State Board of Education Policy III.P, Section 17 at boardofed.idaho.gov/board-of-education/policies-rules/board-policies/section-iii-postsecondary-affairs/iii-p-students/.

BEHAVIOR RESPONSE & CARE TEAM

208-792-2218

The Behavior Response & Care Team (BRCT) is a committee that operates under the direction of the Vice President for Student Affairs and addresses concerns and issues related to student behavioral problems and risks as well as individual or campus safety. The BRCT uses formal and informal methods to assess risks associated with specific behavior of all members of the campus community on a case-by-case basis. To support this work, the group is also tasked with monitoring and reviewing policies and procedures related to Title IX, the Student Code of Conduct, and the Department of Public Safety. Its membership includes the Title IX Coordinator, the Human Resource Services Director, the Director of Public Safety, the Director of Residence Life, and the Director of the Student Counseling Center. This alliance between members of the campus community working together to solve inter-related issues allows the team to make decisions that are thoroughly reviewed, are consistent with campus policy, and promote fairness for all parties involved.

All matters discussed by the BRCT are treated with the utmost sensitivity and appropriate confidentiality as each member will have access to information concerning individual student behavior, and in specific instances, individual faculty or staff behavior. All applicable laws, including FERPA, govern the work of the team. Each member engages in annual FERPA training and subsequent to the training, signs a confidentiality agreement.

If there is an issue or a concern about which the BRCT should be aware, please are encouraged to report the issue via [..](#)

See Something Concerning? Report It

Helping keep LC State Safe

Who can submit a report?

Anyone.

Students, faculty, staff, parents, visitors, and community members can submit a report at any time.

If you are concerned about someone's safety or well-being, report it.

You do not need proof or certainty. If something feels wrong, it is always better to share the concern so trained professionals can determine the appropriate response.

Early reporting helps connect people with support before situations become emergencies.

WHEN?

What should I report?

Report concerns involving:

- Threats or acts of violence
- Suicide concerns or self-harm
- Harassment, stalking, or intimidation
- Bullying or hazing
- Weapons
- Domestic or dating violence concerns

What happens after I submit?

Every report is received by a trained 24/7/365 call center where it is reviewed and triaged based on urgency.

When appropriate, information is immediately shared with Lewis-Clark State College or emergency responders so the right people can respond, provide support, and help keep the campus community safe.

If there is an immediate threat to life or safety, call 911 first.

See, Tell, Now should be used to report concerns that require review, follow-up, or intervention but are not a substitute for emergency services.
